Candidate pulls a big win

By AL POST
ANP Staff Writer

In the most bizarre of finishes in the 1993 Romulus City Council election, Michael Prybyla won the pick of the draw to gain election to the city council shortly after 4 p.m. Tuesday.

Only an hour before, City Clerk Linda Choate revealed that Prybyla had lost one vote and thus finished in a flat-footed tie with challenger Mary (Hatten) Collins.

The election was thus decided by two slips of paper, one stating the candidate was elected and the other stating the candidate wasn't. Prybyla picked the winning slip.

On Nov. 2, Prybyla was declared the one-vote victory over Mary Collins as the final votes were tallied.

His one-vote margin held up the following day, as the city officially canvassed the vote totals for all the nine council candidates.

Romulus man dies of beating

By AL POST
ANP Staff Writer

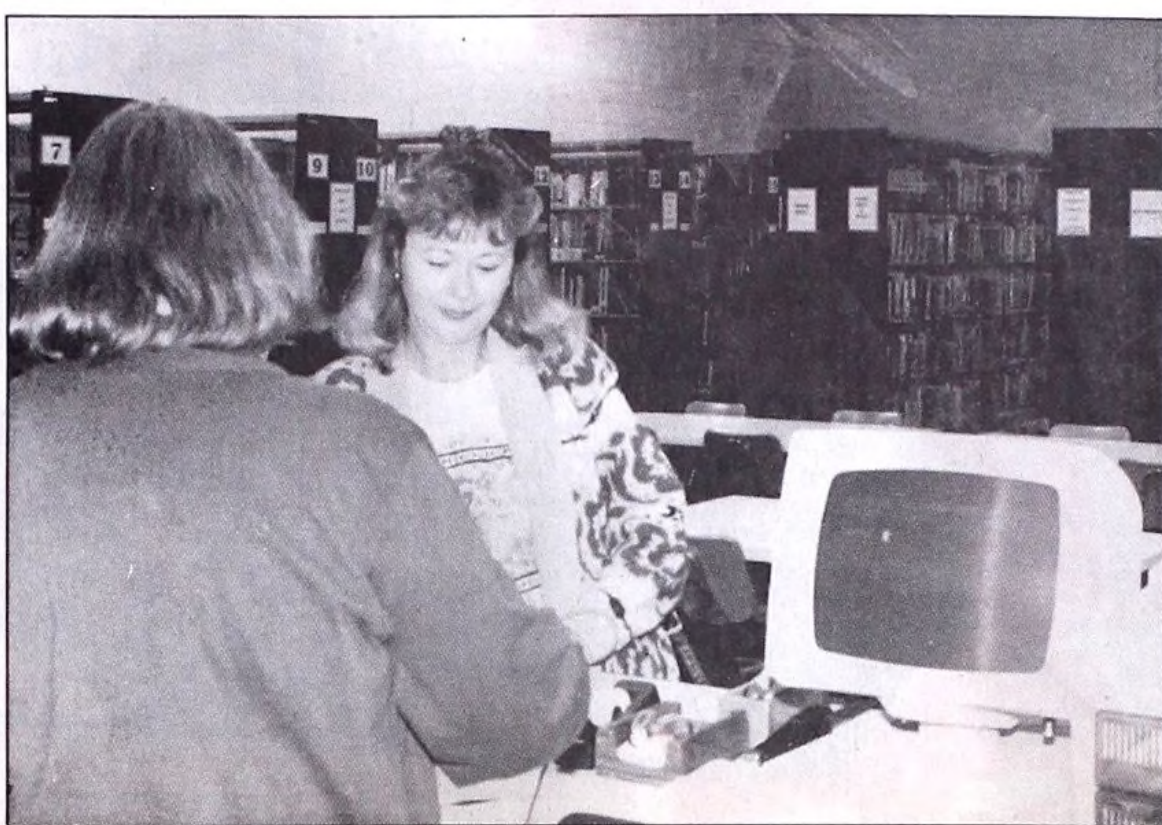

A 31-year-old Romulus man was beaten to death inside his girlfriend's Flat Rock apartment early Saturday morning, Flat Rock police said.

Flat Rock Police Lt. Charles Humphriss said the victim, William Mancine Jr., was attacked with an unspecified object about 4 a.m. Saturday. Police were alerted by a 911 call and Mancine was transported to Seaway Hospital in nearby Trenton. He died a short time later from head injuries.

The woman victim, 25, also suffered eye and cheek injuries.

Flat Rock police reportedly have a pair of warrants made out for a male and female, who are believed to have been the assailants.

Anyone with information related to the attack are urged to call Flat Rock police at 1-313-782-2496.

Library reopens at new site

By AL POST
ANP Staff Writer

Both new and veteran Romulus Free Public Library users are visiting the temporary library site at the old Mount Pleasant School, Librarian Diane Hazen reported Monday.

While some city residents are finding it hard to locate the temporary site, Hazen revealed, other nearby residents are flocking to the library to obtain library cards for their children.

Residents within walking distance of the Superior Road school site are arranging for the library cards, so that their children can visit the library by themselves, Hazen said.

All the books and magazines trucked to the library have been unpacked and stacked in the temporary shelves, Hazen said. All the

library computers, except her master unit, are already operational for library users.

Only the 1993 editions of newspapers and magazines are on file at the temporary site, she said, but all of the library books are available.

Those not at the temporary library can be obtained in a few days, Hazen said, as she has made and will continue to make twice a week trips to the library's storage area to bring the requested books to the library for users.

In the meantime, workers are busy securing the main library building with plastic coatings, so that none of the flying asbestos particles will escape the building during the asbestos abatement project.

After the major preliminary work is completed at the library, City Hall offices will temporarily be moved

into the library facility, while similar work is done inside City Hall.

After the City Hall work is completed, officials will move back in and the final library work will be completed.

In addition to the asbestos abatement, both buildings also will be equipped with sprinkler systems and handicapped accessible equipment.

The entire project is expected to take about 13 months.

The library hours will remain the same with the facility being open from noon to 8 p.m. Monday and Tuesday, 10 a.m. to 8 p.m. on Wednesday, 10 a.m. to 5 p.m. Thursday and noon to 5 p.m. Saturday. The library is closed on Friday and Sunday.

The new library phone lines are 941-7369 and 941-7618.

Well trial may be postponed

By AL POST
ANP Staff Writer

The previously announced Nov. 29 trial concerning the future use of the \$6.1 million environmental liquid waste well may soon be postponed.

City Attorney Barry Seifman revealed the postponement could come as early as today, since Thanksgiving is a court holiday.

But Seifman said the city would only agree to a trial delay if it was coupled with a continued "freeze on construction work" at the well property.

The city is seeking a total work stop at the Wahrman Road project, until Environmental Disposal Services seeks and receives the proper city ordinance permits. Wayne County Circuit Court Judge Claudia House Morcom earlier set the Nov. 29 trial date.

Meanwhile, the liquid disposal waste well remains one of the prime topics of conversation within the city.

In addition to scheduled trial, this council's dialogue centered on:

- City Council's approval of \$100,000 for a legal fund to fight the well opening in Romulus next Spring.

- the recent meeting of the citizens Romulus Environmentalists Caring About People (RECAP) that featured a visit by Michigan Department of Natural Resource representatives.

- a request by citizen Dan Bussard that Councilman Noah (Pete) Bergeron abstain from voting on the liquid injection well issues, since his father-in-law owns the well property.

He also asked Bergeron to not sit in on executive sessions on the issue and not be given

printed council informational packets on the subject.

•approval by Mayor Beverly McAnally, Seifman and the City Council for an "informational piece" on environmental wells to appear on Romulus public access television.

Among the speakers before the council on the well issue Monday night, was EDS Operations Manager Vincent Schager, who offered the hope that EDS and the city could reach an agreement outside of court.

Upon hearing the city was setting aside \$100,000 for a potential long court battle, Schager said "to move forward with additional (legal) funding and (to) embark on a path of lengthy litigation will only serve to reduce the resources available to produce a positive contribution" for the Romulus community.

Schager said EDS was proposing that a committee be set up to discuss aspects of "community involvement, education, employment and local business opportunities" that could be created by the environmental well project.

"We welcome the participation of genuinely interested parties in a program of information exchange and would hope the city could help create such a committee and identify key individuals to serve on a rotating basis."

Schager said EDS also was willing to fund a "third party review by a blue ribbon panel on the environmental safety of deepwell injection."

He concluded by saying "EDS has already made a substantial, permanent investment in its Romulus Deepwell and must protect its interest to the fullest extent necessary."

Romulus teen dies in crash

By AL POST
ANP Staff Writer

A 19-year-old Romulus woman and her male friend were killed instantly Saturday morning, when their car smashed head-on into a semi-tractor trailer truck near the Lake City in Clair County.

The Romulus victim is Diane Lynn Banks, daughter of Daniel and Linda Sue Banks.

She was a 1992 graduate of Romulus Senior High School.

The second victim, Scott Schulte, 17, attended Romulus Junior High School, sources said, prior to moving to Taylor and then to Manistee.

According to a Clair County Sheriff's press release, shortly after the crash the truck burst into flames. The driver, Steven Craig Marzolf, 37, of South Lyon, and a passenger, Pau-

lette Peterson, 31, of Plymouth, sustained minor injuries.

The Sheriff's Department said the investigation into the fatal crash is continuing.

Funeral services for Miss Banks are slated for 10:30 a.m. today at the Crane Funeral Home with Rev. Andy Pratico of the Royal Oak General Baptist Church officiating. Interment is slated for Michigan Memorial Park in Flat Rock.

Hero hedges on political query

By AL POST
ANP Staff Writer

Desert Shield and Desert Storm hero Gen. H. Norman Schwarzkoff sidestepped an answer as to whether he will seek the presidency in 1996 Thursday, as he appeared as one of six motivational speakers at Cobo Hall.

Schwarzkoff said you could elect "Superman" as president and it wouldn't create any massive governmental change.

"What you need to do is kick out the people (in Congress) who you feel are not representing you. If you would they might get the signal you are displeased and begin to represent you," he said.

The retired general also urged more citizens to register to vote and then to cast their ballots. "Do you realize that Bill Clinton was elected by only 40 percent of the voters who turned out last November.

Trial set for Wayne resident

By MARGO DEWEY
Deputy News Editor

A Jan. 25 waiver trial has been scheduled for a Wayne man charged with larceny from a person and unarmed robbery before Detroit Wayne County Recorder's Court Judge Dalton Roberson.

Cameron Lee Pitts, 31, allegedly walked into an apartment in the Parkside Vista establishment at approximately 8 p.m. Sept. 12 and stole a necklace from a young woman who was staying at the apartment.

The 15-year-old victim testified during an examination Sept. 22 before 29th District Court Judge Carolyn Archbold that her alleged assailant barged into her girlfriend's apartment, pulled on her clothing and attempted to convince her to smoke crack cocaine.

Archbold bound Pitts over to Detroit Recorder's Court. He appeared for an arraignment on information Oct. 6.

The \$50,000 cash bond was continued for the defendant.

Council applauds local heroine

Wayne council members recently applauded the heroic efforts of a Dearborn resident who assisted a victim of a motorcycle/truck accident in Wayne March 26.

"The motorcycle could have exploded at any moment, injuring Ms. Hoffman and others."

**Ken Warfield
mayor**

"Karen Hoffman observed a collision involving a semi-truck and a motorcycle where the motorcycle burst in flames, endangering the life of a motorcyclist," said Mayor Ken Warfield. "Ms. Hoffman, without concern for her own personal safety, rendered first aid assistance to the unconscious and burned motorcyclist."

Warfield stated that Hoffman's actions helped save the life of the motorcyclist.

"The motorcycle could have exploded at any moment, injuring Ms. Hoffman and others," Warfield said. "Now, therefore, be it resolved that Karen Hoffman is hereby recognized and commended for her valor and heroic actions."

Wayne Fire Capt. Joe Kadlec said Hoffman left the scene before her name and address could be obtained, and she was only recently brought to the attention of the Fire Department.

When you consider that only 43 percent of the registered voters turned out that day, he actually was elected by only 17 percent of the American voters."

Schwarzkoff was the last of six speakers at the seminar and joked about the poor timing that his life has taken recently.

"If you think this is bad," he said, "consider the facts that one of my biggest seminars

was held recently the same night that Cheers telecast its final show and my biography was released one week after Madonna's book on sex."

Among the other speakers, who appeared before more than 11,000 people Thursday, were motivational speaker Zig Ziglar, the Rev. Robert Schuller of the Hour of Power television program and Olympic gold medal winner Mary Lou Retton.

ROMULUS NEWS DIGEST

6 teachers on layoff list

Six Romulus school teachers were placed on layoff notice Monday night by the Romulus Community School Board.

While the board is forced to take such action annually, Superintendent Dr. William Bedell said he doubts any will actually be laid off.

The teachers included: Antonio Soave, Alicia DelToro, Sandra Godbout, Cassandra Barrs, Sandra Slater and Deborah Street.

Student trip to Florida okayed

A request to take 30-35 naval cadets from Romulus High School to the Naval Air Station in Jacksonville, Fla. has been approved by the school board.

Commander Tim Marvin, Naval Science Instructor, had entered a formal request for the trip that will be chaperoned by cadets' parents from Nov. 29 to Dec. 2.

The cadets are members of the Naval Junior Reserve Officer Training Corps. The purpose of the trip is to familiarize the cadets with the Navy, to exercise leadership skills and to represent Romulus at a major military installation.

Rezoning plans are introduced

Two rezoning requests were introduced Monday night that if approved will allow for the construction of a gasoline station-convenience store and a single-family home.

The first was a request from Nabil Harajli to rezone about 1.37 acres of property on the southeast corner of Eureka and Wahrman Roads from light industrial to highway service.

Harajli wishes to construct a Shell or Mobil gas station and store at the site.

The request won support earlier of the city's Planning Commission.

The City Council voted 4-1 in favor of the zoning change. Only Councilman Randy Gear vote against the move.

The other petitioners, Robert and Janice Bridenthal, sought the rezoning of 4.6 acres of property on the north side of Beverly Road between Cordell and Inkster roads.

The Bridenthals are seeking to build their family residence there.

Correction

In the Nov. 17 edition of the *Romulus Roman* it was incorrectly reported that City Council candidate Mary Collins stated that a printed political attack on her on the eve of the election helped her "solidify support for his (Michael Prybyla's) cause."

The quote should have said that it helped solidify support for "her cause."

Assistant seeks top 34th position

By JOAN DYER-ZINNER
News Editor

After her position as assistant court administrator was abolished, Tamara Sue (Tammy) Riopelle filed an application for the administrator's post, which is vacant due to the resignation of 34th District Court Administrator Nancy Schuette.

"I am willing to continue to work for the people of our district," said Riopelle, whose post was abolished on Oct. 15 following her six-month leave from the court position.

When questioned at a news conference on why she is seeking the administrator's post, her attorney, Audrey Stroia replied, "Why not? Why shouldn't she seek this post? Her 15-year tenure at the court and her knowledge of what procedures need changing make her a unique candidate for court administrator. She also believes her experience in the embezzlement investigation gives her a special understanding of the legal process itself."

In her Oct. 21 letter of application, Riopelle said, "Besides my 15 years of experience and my observation of needed improvement in the handling of money within the court, I have computer knowledge, familiarity with the various court personnel and procedures at the various levels throughout the state and knowledge obtained by attending seminars

relating to the district court system. I am available to take college course to complete a degree."

Riopelle, who is a 1978 graduate of Romulus High School, listed several training classes, seminars and computer courses that she has completed. She began working part-time for the court in 1977 and upon graduation was hired as a full-time employee.

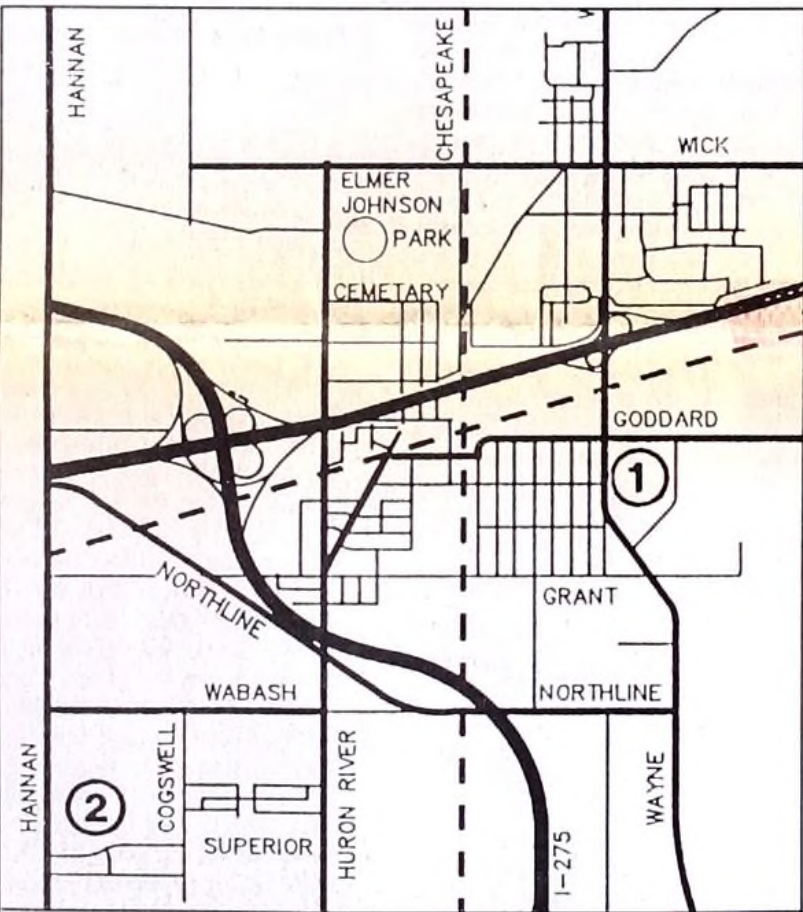

Riopelle said she believes she could work effectively with court personnel in the future, despite her forced paid leave and the subsequent loss of her position.

"I have a good relationship with Judge (Henry) Zaborowski and Judge (William) Szlinis," Riopelle said.

Riopelle said she believes Judge Felix Rogalle, the newest judge on the bench, may harbor ill feelings about her because she was a supporter of attorney Mark Maironis who opposed Rogalle in the last election.

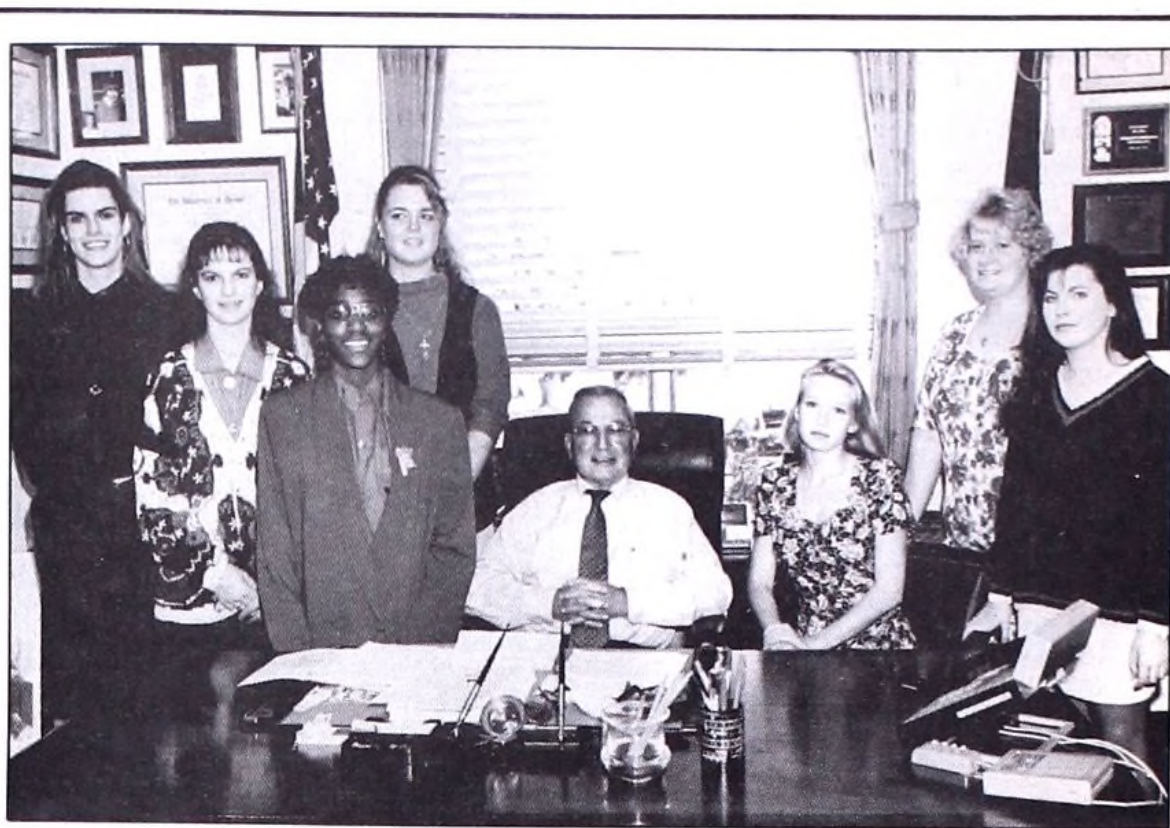

"But, I could work with him, too," she added.

Although neither one had been officially informed that Riopelle was seeking the administrator's post, both Belleville City Manager Jeff Przygocki and Van Buren Township Supervisor David Jacobes said that, if Riopelle has officially been cleared of any wrongdoing, she should be considered for the post along with any other qualified candidates.

Library directions

Because of the confusion some residents are expressing concerning directions to Mount Pleasant School (site of the temporary Romulus Public Library), the following map is being offered. To travel from the permanent Romulus Public Library to the temporary site, motorists should make a left on Wayne Road and travel to Grant Road, make a right and travel to Huron River Drive, make a left to Wabash, right to Cogswell, left to Superior and then turn right into the school parking lot.

Student interviewers

Congressman William D. Ford, (D-Ypsilanti), was interviewed recently in his Congressional office by a group of Romulus Senior High School students, who currently are studying the North American Free Trade Agreement and a video-taping opinions of various leaders in the U.S., Canada and Mexico. Stalker began in Romulus

By JENNIFER PLACINTO
ANP Staff Writer

A Taylor woman accused of stalking her former sister-in-law was bound over to Detroit Recorder's Court Thursday for aggravated stalking and attempted breaking and entering.

Joann Christy Liddell, 40, was released on a \$5,000 personal bond, with the stipulation she have no contact with the alleged victim. Liddell could face up to five years imprisonment on each charge if convicted.

Liddell, who has known the alleged victim for more than six years, is accused of harassing her ex-sister-in-law since September 1992 when the victim and her husband were going through a divorce, which was finalized in April 1992. The alleged victim also testified she had an affair with Liddell's husband in September 1992 and said she informed

Liddell about it after it was over.

The victim testified Liddell at first made upsetting phone calls to her Romulus home telling her to commit suicide and explaining how she could do it.

"She called me once or twice a week until I had my phone turned off," the alleged victim testified. The alleged victim said she was not able to pay her phone bill.

The alleged victim said she saw a counselor in Romulus for psychological help and obtained a court order from 34th District Court in Romulus instructing Liddell not to contact her ex-sister-in-law or her 6-year-old niece, however, the contact continued.

"She would constantly follow my ex-husband and catch us kissing or something. She videotaped us once. I moved because of her harassment," the alleged victim testified.

The woman moved to West-

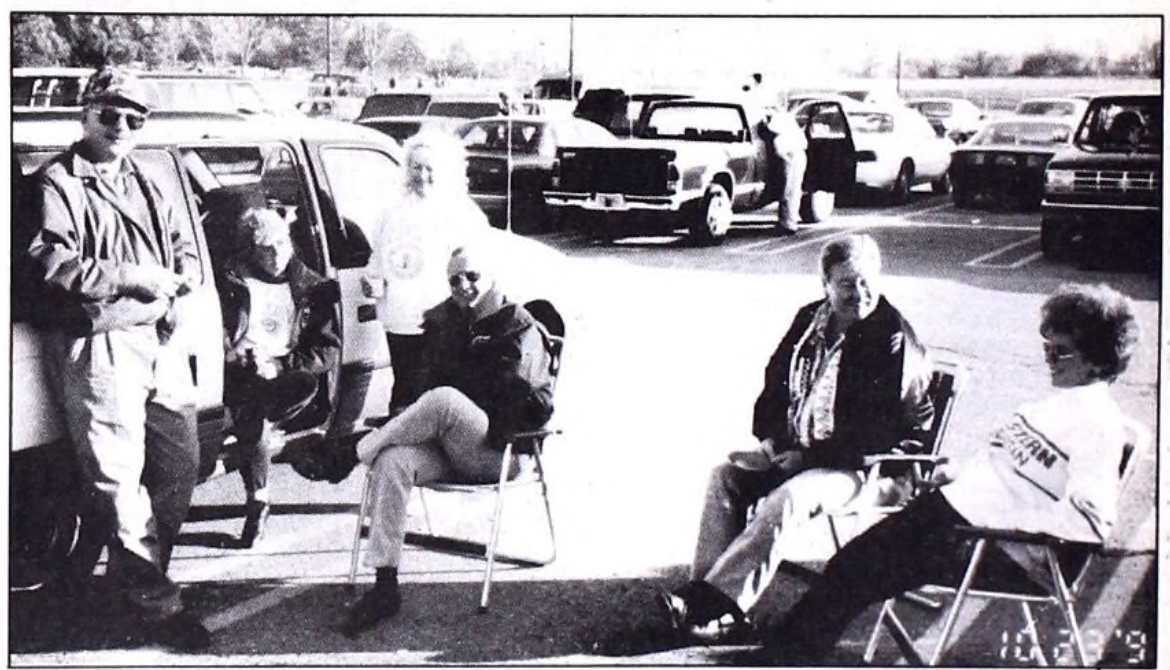

land in September of this year, but testified she did not escape the stalking.

"She (Liddell) would call my neighbors and ask who's over while I'm at home," the woman testified.

The alleged victim also testified Liddell videotaped her and her daughter outside her daughter's school and confronted her at the school threatening to beat her and her daughter. The woman said Liddell often parked her car near her Westland home or sat on the street corner near the house and just watched.

The stalking eventually turned violent around 2:30 a.m. on Oct. 3 when Liddell attempted to kick in the victim's front door and break the door jam with a metal object, which the woman believed to be a screw driver.

"I woke up and went downstairs. I saw her poking at the door jam with an object," the alleged victim testified.

Christmas contest slated

By AL POST
ANP Staff Writer

Romulus homeowners and renters are being invited to allow their Christmas spirit to overflow into their neighborhoods via outdoor holiday decorations.

To add a little festive and financial lift to the efforts, the Romulus Beautification Committee is offering three prizes for the top three decorated properties.

Julie A. Wojtylko, committee chairperson, reported first prize will be \$50, second prize, \$25; and third prize, \$10.

Judging of decorated properties will be conducted Dec. 6 through 10 between the hours of 6 and 9 p.m., Wojtylko said.

All entries from persons wishing to be considered for the judging must be in the hands of the city committee by

Dec. 6. The entries should include the participant's name, address with major cross streets and the phone number where the owner or renter can be reached.

For additional information on the contest, residents are urged to call Wojtylko at 942-7537.

The annual free bus tour for

local residents to view the decorated homes will be Dec. 10.

An earlier city-wide contest conducted during the Halloween season was won by William Kasper of 36632 Romulus Ave. He was awarded \$50.

Second prize paying \$25 went to Linda Markus of 10251 Miriam St.

New Canton sewer line reduced water quality

By LAURIE HUMPHREY
ANP Staff Writer

Installing a sanitary sewer line along the south side of Cherry Hill Road between Canton Center and Beck roads left some residents with a reduced quality of water according to township officials.

According to Aaron Machnik, municipal services director, "The contractor had to

install wells to dewater the ground in order to install the sewer. In the process, some of the resident's wells were affected."

Wells in the area were tested prior to the start of the dewatering process and again three weeks later when the operation was complete. Officials found that all but two had returned to normal.

Due to the downgrade in wa-

ter quality, Machnik advised the board of trustees, residents should not be charged connection, capital or front foot fees since the end result was not their responsibility. "We ask for deferment from citizens paying since it was not their doing," emphasized the municipal services director. "This deferral would apply for as long as the current resident owns the home or until the

well returns to normal."

Once a developer purchases the land, front foot fees would be due upon development of the property. Homes built on the land would have meters installed and pay current rates.

Machnik estimated the total deferral equals \$3,050 per residence as a loss of income rather than an out-of-pocket expense.

Residents may opt to connect their home to the township connection at the property line, but it would be at the resident's expense. Residents could be hooked up within a week.

Machnik assured board members, "We don't expect a similar incident on Cherry Hill Road with further development, but it could happen on

Saltz. However, citizens and developers have helped us better understand the problems and solutions."

Members of the Township Board of Trustees granted the deferral by a unanimous vote.

Indian group hosts Pow-Wow

By LAURIE HUMPHREY
ANP Staff Writer

Members of the Michigan Urban Indian Consortium (MUIA) will host a United Inter-Tribal Pow-Wow the weekend after Thanksgiving at the Cobo Conference/Exhibition Center in Detroit.

Anne Miller, a Romulus resident and member of the MUIA, said the event celebrating sovereignty and unity is open to the public. "I think it's not only important to us as native people, but I think it will be good for the Detroit community to reach out to everyone. The new mayor of Detroit indicated he hoped to reach everyone and we're just taking it one step further."

The two-day event will feature dancing, craft demonstrations, story telling and a trader fair. "We're basically doing things that have not been done here before," said Miller, "in-

cluding a pipe ceremony."

Native American people will don their regalia for the event as they share the customs and traditions of their ancestry.

The 1 p.m. grand entry will begin the first 4-1/2 hour dancing ceremony on Saturday. The second ceremony will begin at 7 p.m. and the Sunday dancing ceremony will commence at noon.

Miller indicated the Pow-Wow is intended to be a learning experience, encouraging the participation of everyone attending the event. A person will always be on hand to answer questions and direct participants in the right direction.

Admission to share in the experience is \$8 for adults, \$4 for seniors and \$2 for children. Doors for the event open at 9 a.m. both days.

Local residents to face jury trial

By MARGO DEWEY
Deputy News Editor

An April 11 jury trial has been scheduled for an Ypsilanti man and an Inkster woman on charges of unarmed robbery before Detroit Wayne County Recorder's Court Judge Isidore Torres.

Paul J. White, 35, and Valerie Evette Shelby, 38, allegedly assisted Romulus resident Cherry Deann Taylor, 27, with taking \$20 from a male and female victim at a home in Wayne in September.

Taylor received a two-to-15-year sentence Nov. 11 on charges of unarmed robbery before Detroit Wayne County Recorder's Court Judge Dalton Robertson.

"This occurred on a driveway on the 3500 block of Gloria Street," said Wayne police Lt. Mel Drews. "The male victim picked up someone he knew and took her to his brother's home."

"They were followed to that area by acquaintances of the female victim."

White, Taylor and Shelby allegedly demanded \$20 and some jewelry from the two victims while they were sitting in the vehicle on the driveway,

according to Drews.

The suspects were arrested by officer Terry Webb

CHARTER TOWNSHIP OF VAN BUREN REGULAR BOARD MEETING MINUTES NOVEMBER 16, 1993

Meeting called to order by Supervisor Jakes at 7:30 p.m. Present: Supervisor Jakes, Clerk King, Treasurer Foster, Trustee Cicotte, Trustee Clark and Trustee Tomaino. Absent and excused: Rochowiak. Others in attendance: Building/Planning Director McNally, Public Safety Director Perkins, Deputy Fire Director Smolen, Lt. K. Brooks, Park/Recreation Director Long, Resource and Environmental Director Johnson, Executive Assistant Ireland, Secretary Budd and an audience of forty-five.

Supervisor introduced Mr. Overly from the Salvation Army and he gave a history of the 15 years of service to the Belleville, Sumpter and Van Buren areas. He introduced Don Mason and Antoinette Runyon who along with Public Safety Director Perkins, retired Belleville Chief Dockter and others have served on the Advisory Council. The Salvation Army is an emergency organization that provides food, housing, and utilities. People have come faced with hopelessness and the community, through the Salvation Army, has turned it into endless hope.

PUBLIC HEARING: Motion Foster, support Clark to open the Public Hearing regarding the Planned Unit Development for a project titled "Walden Woods" [Tyler/Morton Taylor Road area]. Carried. Treasurer Foster, as the Board representative to the Planning Commission, stated that the Commission reviewed the plan for compliance with the Zoning Ordinance in regard to whether or not the lay-out of the property as proposed and whether the lot sizes met the ordinance requirements. The packets to the Board contained a declaration of easements and restrictions, the development agreement and commitments to the community, among them a commitment to the development of single family housing and that single family housing will be the first, foremost and the largest part of the proposed planned unit development or PUD. The recommendation to approve from the Planning Commission meeting of September 8, 1993 contained conditions of which the developer is aware and they are: 1. The Van Buren Zoning Ordinance prevails in all areas, including areas in the Declaration of Restrictions. 2. A clarification on Page 4 that no delinquencies of any assessments will be permitted on the property should the property owners change hands. 3. A section on page 5 will insert a condition that the development is subject to hard surfacing of Tyler Road and when appropriate of Morton Taylor from the entrance into Walden Woods to the nearest hard surface road which will be Tyler Road and must meet Wayne County Standards prior to occupancy. 4. For further clarification of the paving requirements, Morton Taylor must be paved prior to the occupancy of any phases that are now identified as phase 4 and beyond. 5. Clarification of all the exhibits that have been noted in the documents. 6. Subject also to a suitable buffer for the residents abutting the S/W corner of the development, this buffer to be determined, established and permitted by the Building Director according to zoning standards. 7. The placement of all appropriately required sidewalks.

Bob Leighton, Landscape Architect and Planner from Ann Arbor presented a brief overview of the PUD proposal and introduced Developers and Builders Stuart Michaelson and Sami Harb. The project, on the Northwest corner of Tyler Road and Morton Taylor Road, is approximately 153 acres which will include 115 acres dedicated to 301 units of single family housing, 19.8 acres for multi-family or about 200 units, 8.5 acres for commercial development and 29.8 acres of open space. Single family lot sizes will be 70' by 120' with a minimum of 1,500 square feet and priced at about \$130,000.

Several residents voiced concern over allowing a PUD in the area, the lot sizes, the commercial section and their desire to keep the area rural in nature. Several residents also commented on the paving of Tyler Road, added traffic on Robson Road, a dirt road, and the proposed retention pond. Robson Road residents and one on Morton Taylor also questioned the view from their homes of the proposed residential area. Building Director McNally explained that the PUD was a permitted use of property in a residential area and met the design scheme of a previous ordinance. He also stated that with the new ordinance this would be the last allowed PUD. The commercial and multi-family phases are four or five years in the future and will have to meet the requirements of the existing ordinance at the time of site plan submittal. It is also possible that the developer could bring plans for consideration that would convert all areas to residential, but the developer is entitled to the multiple and commercial portions as permitted under the old ordinance. There are no entrances to the project on Robson Road, so traffic patterns should not be significantly altered. After much discussion, the developer agreed to berm the area on the south side of Robson Road for the purpose of screening and aesthetically enhancing the open spaces which are not presently wooded. Lot sizes meet the ordinance requirements and are determined by combining the open areas and the proposed home sites. The retention pond will have about 6 to 10 feet of water at all times and be landscaped with benches, trees and evergreens. Wooded areas will be preserved and the plan calls for footpaths, street lighting and maintenance.

Supervisor Jakes explained that the DDA has made a commitment to pave Tyler Road from just east of Belleville Road (past Meijers) to the end of the DDA District to entice developers to that area.

Treasurer Foster reiterated that the property owner was within his rights to present his plans for the PUD. The Planning Commission and the Board are all very sensitive to the concerns of the residents. The Board has made a commitment to maintain a country and rural atmosphere for any future site plans or any submittals.

There being no further discussion, motion King, support Cicotte to close the Public Hearing. Carried.

Supervisor Jakes requested a ten minute recess. Meeting reconvened at 9:30 p.m.

AGENDA: Motion King, support Cicotte to approve the agenda as presented with the addition of: New Business Item #7. Consider the recommendation of the MMRMA attorney regarding Case #93-302279 NO, New Business Item #8. Consider the recommendation of the MMRMA attorney regarding Case #93-304434 CZ and to remove Public Safety Citizens' Advisory Committee Report under Reports [per the request of the Committee Chairman]. Carried.

MINUTES: Motion King, support Clark to approve the Work Study Session Minutes of November 1, 1993 as presented. Carried.

Motion Tomaino, support Cicotte to approve the Regular Board Meeting Minutes of November 2, 1993 as presented. Carried.

CORRESPONDENCE: None.

UNFINISHED BUSINESS: None.

NEW BUSINESS: Motion Clark, support Tomaino to accept the recommendation of the Planning Commission and approve the Planned Unit Development Agreement for the project Walden Woods because it meets the ordinance requirements and is in concurrence with the recommendation of the planner as noted in the letter dated November 7, 1993, subject to all the conditions noted in the Planning Commission Minutes of September 8, 1993, a berm is to be constructed along the south side of Robson Road as noted in the Public Hearing and will be in compliance with the provisions of the Zoning Ordinance and to authorize the Supervisor and the Clerk to execute the agreement. Carried.

Motion Foster, support Cicotte to approve the preliminary plat as presented August 25, 1993 including: the declaration of easements and restrictions, the development agreement, that the plat is subject to all the conditions of the Planning Commission of their meeting of September 8, 1993 and further subject to the conditions set by the Township Board in New Business Item #1, that specifically being the additional berming along Robson Road for the purpose of screening and aesthetically enhancing the open spaces which are not presently wooded. Carried.

Motion King, support Clark to approve the request of The Woodlands for a Class C license with Official Permit (Golf) to be located at 39674 Ecorse Road, Wayne, Van Buren Township, said request is for the one (1) new full year on premise license available and applicant is recommended above all others. Carried.

Motion Foster, support Tomaino to accept the recommendation of Director Johnson as stated in the memo of November 15, 1993 and to approve the consulting contract with ASTI in an amount not to exceed \$9,000 and authorize the Supervisor and the Clerk to execute the document, the contract would be awarded subject to gaining legal access to the site [Peterson Site] under investigation and further that the Township Board strongly petition the MDNR to perform the soil samplings required which may result in a substantial savings. Carried.

Motion King, support Clark to approve the amendment for the consulting services of Hinshon Environmental, with respect to the South Huron Valley Utility Authority, evaluation of the sewage treatment plant operation for a total cost to Van Buren Township not to exceed \$3,000 [Van Buren's portion equal to 16% of invoice]. Romulus man sails to Haiti

By AL POST
ANP Staff Writer

A Romulus sailor was recently sent to Haiti to supervise construction of medical facilities and roads, but the project was postponed when the zone was declared "too dangerous" because of the unstable political situation there.

Navy Petty Officer First Class Michael Metevia, a 1983 Romulus High School graduate, was among the 600 Navy, Marine Corps, Army and Air Force specialists, who were assigned to the Haitian technical assistance commitment project by Secretary of Defense Les Aspin.

Metevia's Seabee unit known as the Navy Mobile Construction Battalion Seven was in Gulfport, Miss., when the order came down.

The Seabees are the elite Navy construction workers established in World War II. In peacetime, they are asked to help with improvements to bases and with disaster relief efforts.

Metevia's unit traveled first to the U.S. Naval Station Roosevelt Roads in Puerto Rico and then a 90-man detachment was ordered to be prepared for deployment to Haiti for a rebuilding effort of military

barracks and medical facilities.

Metevia, son of Robert Metevia of Romulus, said, "I'm the supervisor for the maintenance of all of our equipment including bulldozers, jeeps and all other vehicles. I have 10 other construction mechanics working for me."

After the Seabees loaded their equipment onboard the tank landing ship, USS Harlan County, they prepared for their planned transit to Haiti.

Later after their ship

reached an area off the coast of Haiti, the political situation inside Haiti worsened and it was called "too dangerous" for completion of the mission.

As a result President Clinton sent USS Harlan County and the Seabees to the U.S. Naval Base in Guantanamo Bay in Cuba to await further orders.

They have since returned to Roosevelt Roads in Puerto Rico to complete their routine deployment.

"My mind is already made up. Don't confuse me with the facts."

It's a funny thing about some people. They form swift and strong opinions, but if you ask them why, they don't have real reasons.

Here in Romulus, some people have convinced themselves that the deep disposal well being built by Environmental Disposal Systems may not be safe. They base that opinion on a vague sense of uneasiness over waste disposal, not on factual information.

We at EDS think the people of Romulus should have the facts before making up their minds.

- Like the fact that there has never been a single incident of contamination from such a well in 25 years of deep well disposal at sites through-out Michigan.
- Or the fact that deep well disposal is the safest, cost effective option available for industrial liquid and hazardous waste disposal.

- And the fact that the well is nearly one mile below the earth's surface, beneath several impermeable rock formations, at a location identified by geologists and supported by a study performed by the University of Michigan.
- And the fact that the U.S. Environmental Protection Agency and Michigan Department of Natural Resources have approved the project.

There are a lot more facts that our professional staff and geologists would like to share with you. We are manning an information line every day to hear your questions and give you accurate, direct answers.

EDS is committed to being a good neighbor and corporate citizen in Romulus. Before you make up your mind about our project, please hear the facts. Ask us about anything concerning you. Let's talk.

Sincerely,

The owners, managers and employees of
Environmental Disposal Systems

Goodfellows carry out holiday mission

Carrying on the motto of "No Child Without a Christmas," area Goodfellows are preparing to sell the fund-raising editions of their annual newspapers on western Wayne County streets.

Each year, business and professional people join blue-collar workers, homemakers and public safety personnel to become once-a-year news carriers. The sale of these special editions fund the Goodfellows holiday programs which help to feed and clothe needy area families. The Goodfellows also provide toys to brighten the holidays for children who may not receive other gifts.

Most individuals will remember the drawing of the young child with an empty Christmas stocking vainly awaiting the arrival of Santa Claus. It is a symbol that the Goodfellows adopted to emphasize the significance of their crusade to see that no child is without a gift plus necessary food and clothing during the holidays.

A letter from a 1992 Goodfellows volunteer points out - not only the spirit of the holiday - but how the recipients of aid are inspired to join the ranks of those who assisted them.

The woman, a divorcee with two children, related the story of a recent Christmas when there "was no money for toys or even a tree, let alone a dinner. I can't tell you what a horrible feeling that is to not be able to afford something for the kids. I did the best thing I could. I told them Santa wasn't coming that year. They asked me why, and I said that he can't make it to all the children's homes every year."

However, the woman related, Santa did come that year through the efforts of the area Goodfellows. A tree was delivered, groceries were provided and toys were presented to the children.

The woman continued, "I vowed then that if I could in any way ever help another family that had to endure the hard times, I would do it. Today, I do."

Last year, the woman stood in front of a local supermarket selling Goodfellows newspapers to ensure that other families would share the good fortune that she and her family had experienced.

Perhaps this weekend or next weekend, she will be out again selling Goodfellows newspapers. You will probably be able to identify her, because she will be the one who doesn't seem to mind the cold.

Safety for all is matter of priorities

We were most interested recently when our Westland reporter submitted a story regarding a threat to the superintendent of the Wayne-Westland schools system.

While officials in the school board office had soundly denied this situation earlier when we had inquired, the superintendent discussed it at a public board meeting. But, that wasn't what piqued our interest. What interested us was the comment from the superintendent that he had three Westland police cars at his home and that round-the-clock protection had been assigned to him.

We found that interesting primarily because only recently the Westland police department and some city administrators refused the assignment of a police officer at John Glenn High School due to a lack of manpower. And, only recently, a gun was discovered in the possession of a teen-aged student on school property.

While we certainly would not suggest the superintendent should not have been protected or that this threat was not real, we must go on record as supporting the protection of the high school students who are also threatened by others who have firearms and may bring them to school.

It is a sad comment on our society when a police officer is as necessary as the educators in our schools—but ignoring that need is foolish. We'd like to see equal protection for all who are threatened.

State tax plan criticized

To the editor:

Michigan voters--please take a good close look at what Gov. Engler is trying to do to public education in Michigan. Tuesday, Nov. 2, the Senate already passed some of the governor's package. It still has to go through the House of Representatives.

If charter schools become a reality, all support services can be subcontracted to the lowest bidder - no unions - no bargaining, etc. Therefore, you can expect the quality of hired help to go down the tubes with the whole education system.

As things stand now, your child coming into the school after hours sees a janitor that has a career with the school district. This includes decent pay, benefits and a pension. Chances are he or she lives in the area, has children in the district, knows the students and the students know them. This is the same with the paraprofessionals. Do you want your child in an almost deserted school building, with someone just hired for \$5 an hour to sweep the school, in this day and age of high crime?

At this time, school bus drivers in Michigan are very well trained and tested by the state, as well as the district they work for. Many hours of safety training are required, and many districts including mine (Van Buren Public Schools, Belleville), require Red Cross certification in first aid and C.P.R. Does anyone believe that state legislators that are willing to have uncertified teachers will spend the money to train and certify school bus drivers?

Who loses on this? We all do! Every current student, every future student, and in turn every resident in the state of Michigan. Why? So Gov. Engler can be politically correct, cut taxes, and save his rich friends a lot of money at the expense of public education in Michigan.

If you are lucky enough to live in the "high rent" districts, spending more than \$6,500 per student, you can keep it - and levy another 1 percent. The rest of us will have to get by on the \$4,500 and not be allowed to raise it. These same high rent districts can afford won-

LETTERS

derful private schools, with lots of great services - but the majority of the people in Michigan are not part of this elite group, and will have to rely on the public school system, which Gov. Engler seems so eager to destroy.

Everyone agrees that tax reforms, and some reforms in education, are a good thing. But what Gov. Engler is trying to do to Michigan Public Education is not a good thing.

If you, the voting public, do not want to see this happen, we have the power to stop it. Every politician, every state representative and every senator, regardless of their political differences, have one thing in common, they all know how to count. Their jobs depend on all of us. If every person reading this would contact their district representative and tell them not to let this happen to Michigan, then believe me, it will not happen. These people are elected to be the voice of the people in the districts they represent. The majority of Michigan voters are hard working, blue collar people that rely on the public education system. WE DO COUNT!!! So write to your representatives, or call them on a regular basis and let them know how you feel. When they have meetings in your area, be there. If you don't want to speak, just applaud loudly for those who voice what you believe in. Those representatives see each card or letter. They hear every phone call. They see every personal appearance. If there are enough of us complaining they will listen because we determine whether they will have a job. This is not the time for the residents of Michigan to be apathetic. Get out there and make your voice heard.

Waste well is supported

To the editor:

I would like to express my feelings about the deep disposal well in our city. When I was on the City Council in

1990, I voted for the project because, in my opinion, we need the well to help clean up our city and our state.

If we continue to just throw liquid waste down the sewer drains or in our ditches, it's going to kill all of our fish, animals and us someday. I think we should talk to EDS (Environmental Disposal Systems) about helping us clean up the glycol the airport used to de-ice airplanes, instead of the glycol being allowed to just go into the ground and ditches. From what I've been reading about these wells, they are a lot safer than what we have been doing with the waste.

I love to hunt and fish, and I will support anything that will help clean up our lakes and rivers and help our community.

Trade agreement called necessary

To the editor:

Opponents of NAFTA raise legitimate concerns about the exodus of high paying manufacturing jobs, the exploitation of Mexican laborers, including children, and increased environmental contamination.

The question to ask is whether rejecting NAFTA will prevent the further loss of jobs, the continued abuse of child labor or environmental contamination in Mexico.

We do not have the option of locking into our status quo. The world economy is changing, with us, or without us. NAFTA is our opportunity to position ourselves to compete in the world economy as we enter the 21st Century.

In 1973 economists predicted the world economy entering the 21st Century would include three major trading blocks, Europe, Asia and North America, with the remainder of the world left out.

Europe and Asia already have their trading blocks. We now have the opportunity to reap the benefits of our own trading block.

Foreign trade raises the standard of living of each participating country by making the most efficient use of production resources thereby lowering the cost of goods to consumers in each country.

NAFTA is a very sensible combination of participants. It

will join Canada, a large country with plentiful natural resources and a small population, with the United States, a high-tech industrialized nation with saturated markets and a population that is aging, and Mexico, an underdeveloped country with one of the world's fastest growing economies and populations.

Mexico, unlike Japan, buys American made goods. We have a positive trade balance with Mexico. Additionally, we share long common borders with both Canada and Mexico. Increased trade will enhance our national security and reduce the flood of immigrants from Mexico.

If we fail to seize the NAFTA opportunity, Japan or Germany will be there to take our place. Where will our new markets come from?

Passing NAFTA is less of a risk to our long term prosperity than rejecting NAFTA.

Unborn life called humanity

To the editor:

To warrant a greater understanding of much priority, as human unborn life, one must actually see it's undeniable, remarkable presence

Having this in mind, it is difficult to understand, why this tiny, innocent life, is ignored, and totally abandoned, at a time it needs us the most!

It is not a plague! No matter how conceived it is part of "our humanity," like it or not!

It deserves to be respected and strongly defended. It is entitled to a constitutional right to life, liberty, and the pursuit of happiness! Our forefathers fought and died so that all, including the unborn babies, have that right!

Lest we forget, 30 million unborn babies have been aborted, not as a medical necessity but as a "birth-control-ethic", 1-1/2 percent, as a medical necessity!

Isn't it quite clear, that "personal moral responsibility", not "personal choice to abort", is the answer?

To those who are biased, and others it is time to face the inevitable truth!

Henry Ford Community College dancers will bring to life the classic Christmas poem, "Twas the Night Before Christmas" at the sixth annual Children's Christmas Dance Concert. Susan Cavender of Westland, Beth Kessler, Tina Cucinella, Kathryn Linton and Megan Stanciu will be performing Dec. 3 at and Dec. 4 in the Adray Auditorium of the MacKenzie Fine Arts Center.

Westland dancers slated to appear in holiday play

A Westland dancer will take to the stage when Henry Ford Community College (HFCC) presents its sixth annual Christmas dance concert for children, "Twas the Night Before Christmas," on Dec. 3 and Dec. 4 in the Adray Auditorium of the MacKenzie Fine Arts Center.

Under the direction of Diane Mancinelli, HFCC dance instructor, the dancers will bring to life the classic Christmas poem. Santa Claus will make a special appearance bringing treats for each audience member and Santagrams for each child to serve as "wish" lists.

The concert features eight dance routines, including "The Stocking Dance," "Jazzy Santa" and the high energy "Rockin' Around the Christmas Tree."

HFCC dancers are Susan Cavender of Westland, Kathryn Linton of Dearborn, Tina Cucinella of Riverview, Jeremy Jubenville of Grosse Ile, Beth Kessler of Woodhaven and Megan Stanciu of Windsor, Ontario.

Performances are at 7 p.m. on Dec. 3 and 10 a.m. and 12:30 p.m. on Dec. 4. General admission is \$2. For ticket information, contact Diane Mancinelli at 845-6314.

On to the Silverdome Glenn holds keys to its destiny in hands

By TOM MOORADIAN
ANP Staff Writer

Westland John Glenn holds the keys to its football destiny in its hands.

On the threshold of greatness, coach Chuck Gordon and the Rockets could be the first coach and the first Glenn team in the school's more than three-decade history to win a Class AA state football championship.

At 1 p.m. on Saturday, Glenn will take on Dearborn Fordson in the Pontiac Silverdome to decide which team will become the 1993 "AA" champ.

Both teams, boasting momentum, enter the final game with impressive 11-1 records. The Tractors, coached by fourth-year head coach Jeff Stergalas, captured the inaugural Mega Conference Red Division title.

Because both teams are very physical and have earned notoriety for their tough defenses, some area coaches predict a "very low scoring game". See Related Story on this page.

It will also be the first appearances for both teams in the Pontiac Silverdome.

Glenn made it into the history books last week at Lansing Everett where they beat a highly-regarded Flint Central, 14-6, in the state semifinals for their 11th win. The victory erased from the Rocket record books the 10-1 mark that the Glenn 1989

club posted.

Ironically, the 10th victory in 1989 came at the expense of Fordson. Glenn claimed the victory over the Tractors and their legendary coach, Charles Jestice, in the quarterfinals, 20-7.

The Tractors have not forgotten the loss. Before some 5,000 shivering high school football fans, the Rockets ended Flint Central's season thanks to a defense that frustrated Central most of the afternoon.

Glenn controlled every aspect of the game as the Rockets scored in the first quarter then got an insurance TD in the second quarter before handing the game over to the defense which got the job done.

In their first drive, Glenn senior quarterback Brian Morrison used the deceptive speed and muscle of senior running back Tariq Horne to march to the Central 16-yard line.

Morrison culminated the drive with a 16-yard TD pass to Bryan Besco, who put the Rockets up 6-0. Then, Brian Kolb booted the extra point and that point gave the Westlanders the lead for good.

Horne, hobbling after taking a helmet in the knee, refused to quit. In the second Glenn drive, the 5-11, 180-pound athlete managed to slip through the Central defense from the one to score what proved to be the last Rocket score of the game.

Kolb again made good on the conversion.

However, Flint, which came to the semifinals with an unblemished 10-0 record, stunned their rivals midway in the second quarter and kept their hopes alive.

Central quarterback Fred Jackson and Andre Weathers combined on a "bomb", while the Rockets were attempting to call a "time out".

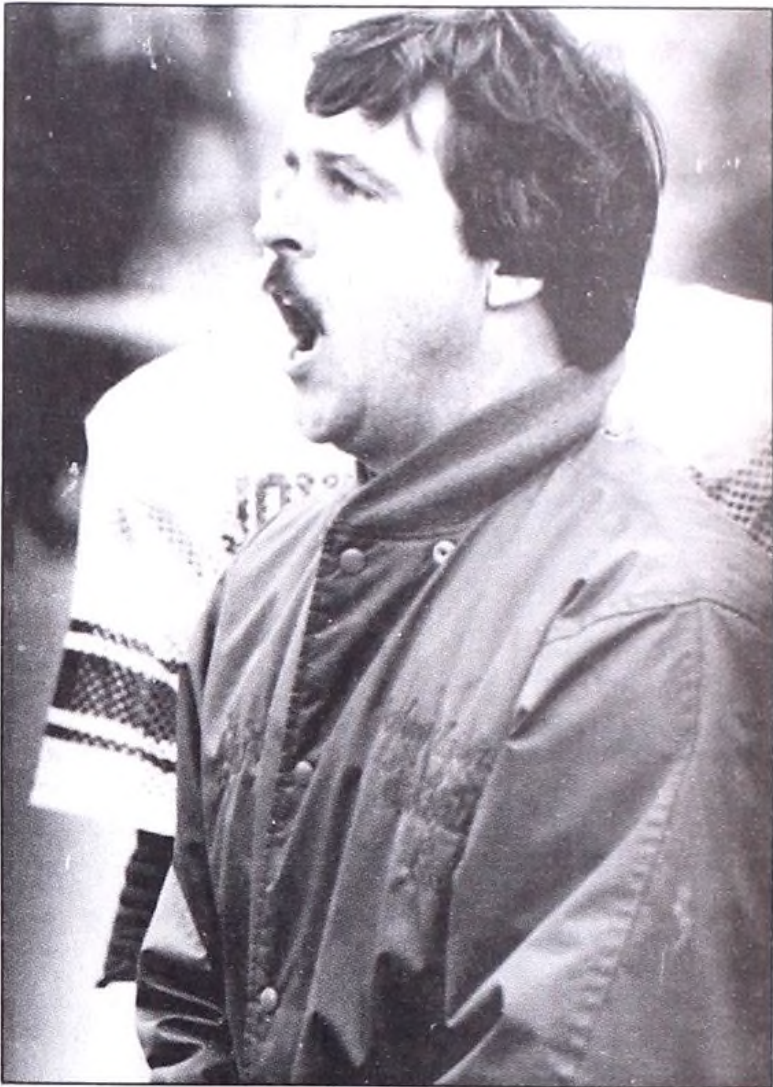

Despite the protests by Glenn's coaching staff, which unsuccessfully argued that they had asked for the "time out", officials ruled the play and the TD were good. Central failed to convert.

Defense was the name of the game the rest of the way. The Rockets managed to shut out their rivals the next two quarters thanks to the alert play by defensive half-back Matt Howton, who picked off a Central pass and made it to the Central 35 before he was stopped.

Derek Besco - or was it his twin, Brian - nailed Jackson on a subsequent Central drive that ended a serious threat. Jake Henry, Jeromey Cosby, Dave Irwin, Jason Batchelder and James Tenant also stood out on defense for the Rockets.

Horne, who missed the entire third quarter because of the earlier injury, again came through for the Rockets. He accounted for 157 yards on 31 carries and one touchdown.

Morrison connected on five of 11 passes for an additional 48 yards. Three of Morrison's completions were to Derek Besco.

Defensive back Jake Henry is up in arms and ready for Fordson.

Running back Tariq Horne has kept the Rocket offense moving.

Rocket cheerleaders also have something to dance about.

The Besco twins are a double threat. They love to hit, and Bryan (above) is also one of the leading rushers.

Hat tricks abound in Over 30 hockey

Wayne-Westland Over 30 hockey teams have apparently found the range. Hat tricks and high scores abound in last week's games.

Gary Swain led the Memories of Yesterday assault against N.C. Servo as he fired in four goals to lead Memories to a lopsided 12-4 victory over their rivals.

Ron Wojewski also scored a hat trick and carded four assists for the winners who improved their record to 4-5-1 on the season.

Ron Jacobs and Dave Zielinski checked in with two goals each, with Jim Fisher adding the single tally. Fisher also turned in with four assists.

N.C. Nervo received an outstanding effort from Chuck Quint, who shoved in a pair of goals. Teammates Any Pietrzyk and Ken Klinck also scored for the losers.

In other high-scoring games, Howell Tool & Gage buried Beaver Creek, 11-1, in their outing last week.

Jerry Moses rammed the puck past the beleaguered Beaver Creek goal keeper four times, for the hat trick plus one. Dave Hunt also carded the coveted hat trick, while Jeff Strobel, Clyde Ayers, John Siwarski and Gene the scoring machine Tauranen all scored at least one goal.

Gary Tilson, Jeff Carter, Rick Hunt and Chuck Kvasnovsky had assists for the winners.

Rick Marchand was the hero for Beaver Creek. His goal averted the shutout. Sam Starveski registered the assist.

In the meantime, Little Bill's Trophy and Daly's Drive Inn were forced to settle for a 4-4 tie after a hard-skating affair.

Chuck Erickson, Tim McNamarra, Walt Fischhoff and Dennis LaPensee scored for Little Bill's Trophy. The assists went to Mike Dickie and John Strobel.

The victory lifted Little Bill's into the driver's seat of their division. They entered the weekend of competition with an enviable 6-1-3 record.

Rob Harrington scored twice for Daly's, while Paul Roe and Jay Middaugh each checked in with one goal for the losers who are now 4-5-1 on the year.

With Steve Wildman scoring two goals, Sportswear Design edged Westland Hockey Supply, 5-4.

Steve Vial, Jeff Wozniak and Kevin Barbour added the single goals for the winners.

Greg Bonkowski, Chris Kuczkowski, Craig Albosta and Jeff Lachman drew the assists.

Sportswear Design evened its overall record on the season to 5-5.

Harry Kuk pumped in a pair of goals for the Hockey Supply store while Ray Matthews and Mark Melendez accounted for the other goals for the losers whose record dipped to 2-6-2.

In other action, Jake's Again hammered in seven goals and emerged with a 7-4 victory over K & K Enterprises. The victory was the eighth of the season for the winners.

Bob Jones carded a hat trick and also had two assists for the winners. Teammate Dave Zajak notched two goals, with John Colligan and Gary Bastian scoring a goal each.

Jerry Robertson tallied twice, while Tim Dettloff and Larry Holt each had one goal for K & K, which fell to 4-5-1.

Ken Sova's two goals made the difference in a P.C. Outlet 3-1 victory over Wayne Heating

Here's how area coaches see Glenn-Fordson matchup

Beware of 'the glitz'

One of the biggest challenges a coach and his players face when playing at the Pontiac Silverdome is "all of the glitz" and "side shows" that could distract them.

"You got to get your players settled down and focused on the game," said Robichaud coach Bob Yauck, whose been

Ex-Belleville runner shines in Midwest Conference

By TOM MOORADIAN
ANP Staff Writer

A former Belleville High cross country star continues to shine in the Great Midwest Conference.

Anne Gray, an All-Area and All-Wolverine "A" Conference athlete who is presently competing for DePaul University, has managed to place in the top 20 of all of her meets this

year.

She finished ninth at the prestigious National Catholic Invitational with a time of 18:43 and earned a berth on the All-Catholic National Cross Country team.

"We are really proud of her and the goals she has set for herself," said Belleville coach Sam Vicchy. "Anne has a tremendous amount of talent and

has not even come close to her potential."

Gray has established herself as one of the top runners in the conference, despite the fact that she is only a freshman. "Anne Gray is now considered one of the top runners in the conference," according to the DePaul coaching staff.

Her collegiate accomplishments are impressive. Along

with the All-Catholic accolades, Gray also finished fifth at the Great Midwest Conference cross country championships, and was voted *Newcomer of the Year* in 1993 for the conference. Among universities represented in the meet included the universities of Cincinnati, Dayton, St. Louis, Marquette, and the University of Alabama (Birmingham).

Gray, who will celebrate her

19th birthday on Monday, has posted an 18:24 this season at the Bradley University Invitational. The time is a personal best. Her goal is to make it to the national championships and, hopefully, some day compete in the Olympics.

Although she doesn't have a major at this time, Gray says that her plans after graduation includes "getting a good job."

there. "You walk into the stadium and, at first, you're sort of awe-stricken."

"You can't let the season slip away because of all of the glitz."

Eastern Michigan University.

LaPointe, whose Tigers, lost to the Tractors in a Mega Conference Red Division game earlier this season, says that Glenn has a variety of weapons that it can use on offense, while Fordson uses its physical strength to wear a team down.

"I would have to go with Glenn on this one," LaPointe said. "Glenn can mix up its offense with a running as well as a passing game."

"While both teams have outstanding defenses, I feel that Glenn's versatility on offense will give them the edge."

Defense

gressive, and this will be a great match up of defenses. I feel very fortunate to have played both teams this season and, off of our performances, look for a low-scoring game because of the exceptional defenses.

"Also, Fordson is a rushing team - they come right at you. But I feel that Glenn can handle them."

Incidentally, Howton's son, Matt is in the Rocket lineup. He's a starter in the secondary and has played a crucial role in Glenn's outstanding season.

Wheatley Watch

Although Tyrone Wheatley has been slowed with plaguing injuries, the University of Michigan running back has rushed 189 times for 1,005 yards for a 5.3 average and 11 touchdowns this season and has compiled 1,403 all-purpose yards. He has established himself as one of the greatest running backs in Michigan history. Tyrone Wheatley wrapped up his junior year last Saturday before a record 106,000-plus fans. He helped the Wolverines destroy Ohio State, 28-0, setting up Michigan's first TD with a 43-yard gallop, then continuing to victimize the Buckeyes with big plays.

Ex-Wayne gridders ride Broncos to victory

Three former Wayne Memorial High School football stars are riding the Broncos at Western Michigan University (WMU) to the top of the Mid-American Conference football standings.

The Broncos are presently seated second in the conference with a 6-1 record after knocking off Toledo in Kalamazoo on Saturday, 39-26.

In that victory, senior cornerback Pierre Hixon and junior split end Larry Johnson turned in strong performances for WMU.

Hixon came up with five tackles, one of those for minus yardage, and intercepted his fourth pass of the season. He now shares ninth place among school career leaders with 10. He's played in nine games and has 62 tackles plus team highs for pass deflections (10) and interceptions (four) to his credit.

Johnson caught two passes for 41 yards, including a 3-yard touchdown play. In 10 games now, Johnson has 27 catches for 374 yards.

Bodden is a freshman defensive end.

Western University is sporting a 7-3 overall record as the week begins.

CDs for people who aren't afraid of heights.

6.58% is the Annual Percentage Yield (APY) you would have earned on a two-year deposit maturing on October 23, 1993. APY is based on historic results and is not intended to indicate future yields or results.

Introducing The Market Rate CD.
Wall Street Thrills Without Wall Street Chills.

This year we're offering you a blue chip opportunity to invest in a new kind of two-year CD. One that allows you to go after Wall Street's potentially higher rates *without* risking your principal. Your Market Rate CD can be opened with a low \$2,000 minimum deposit. At the end of each 52-week period, your interest is calculated based on the average change in the S & P 500® Index**as reported in *The Wall Street Journal*. And at maturity, you're guaranteed a 100% return of your FDIC-insured initial deposit. The new Market Rate CD. Now the best way to lock in the market's high earnings potential is with a CD that has no risk to principal.

Lock Up A Rising Rate With A CD That Won't Lock You In.

Every six months of its initial two-year term, our Rising Rate CD gives you a guaranteed increase in your interest rate without locking you in. The rate earned for each six-month period rises as the chart above indicates, giving you 4.75% APY during the final six-month period.* You can withdraw all of your investment within the first 10 days of any six-month interval during the initial two-year term without penalty. Or you can make a partial withdrawal without penalty as long as you maintain a \$1,000 balance. And the minimum deposit amount is only \$1,000. The Rising Rate CD. The liquidity you want, with the guaranteed interest growth you need.

Best recipes sought

Cookie lovers, now is your chance.

Once again this year, *Associated Newspapers*, is seeking the very best holiday recipes for those delicious, edible treats that really make it Christmas.

Once again, as last year, we are offered wonderful prizes along with the promise of fame, fleeting though it might be, to the winners. All winning recipes--and many, many others, will be printed in a special holiday section planned for Dec. 1. So, it's time to hurry those tasty treats to the oven.

Prizes this year include a \$100 gift certificate, a \$50 gift certificate and several \$25 certificates for those delicacies just too good not to win something. Last year, our judges had such difficulty in choosing the winners, we added three extra prizes. Perhaps the sugar added to our inability to make a decision--but there has been no lack of volunteer judges

this year for the contest.

Here's how to enter: Bake up one dozen of your cookie, and bring them to our office at 35540 Michigan Ave. in Wayne before 5 p.m. Nov. 26. You must include the recipe for the cookies, clear baking instructions, and the name of the cook, their address and a phone number where they can be contacted. Winners will be notified no later than Nov. 29--and photos will be taken of the winning cooks that day.

Employees of *Associated Newspapers* are not eligible--but everyone else is. There is no age requirement and no limit to the number of entries per individual or family--but each entry MUST include all the pertinent data: complete recipe and name, address and phone number of individual submitting entry.

Well, what are you waiting for--get that cookbook out and start baking.

We Deliver in Wayne County.

Health Alliance Plan's growing network in Southeastern Michigan offers you more doctors, hospitals, nurses and caring professionals to choose from than ever before.

And that's another good reason why more people are choosing HAP for health care than ever before. If you like having more choices, take another look at Health Alliance Plan. With our conveniently located medical centers and affiliations with most major hospital/physician groups, your HAP card makes quality health care even more accessible.

In an emergency, HAP's still got you covered wherever you travel. And if you've got kids away at school we have a plan to cover them, too. Get all the information today. And watch for the open enrollment period where you work. Call 872-8100, Monday - Friday, 8:00 am - 6:00 pm.

Your health deserves the best.

Affiliated Hospital/Physician Groups: Bon Secours Hospital, Cottage Hospital, Downriver Physician Group, Henry Ford Hospital, Western Wayne Physician Group, Wyandotte Hospital and Medical Center

Observers sought

Do you share your Christmas birthday with actress Sissy Spacek or the late and great actor, Humphrey Bogart, or will you celebrate your special day on New Year's Eve, the same day as Jason Robards and Donna Summers were born?

December is a month of famous birthdays from Mary Martin and Woody Allen on Dec. 1 to Robards and Summers on Dec. 31.

Other celebrities born in December are Kirk Douglas, Terri Garr, Patty Duke, Steven Spielberg, Jane Fonda, Phil Donahue, Mary Tyler Moore and Frank Sinatra. It is also the month in which Walt Disney, Woodrow Wilson, Rudyard Kipling, Andrew Jackson and

Jane Austen were born.

Western Wayne County residents who will be observing their birthdays in December are invited to send a photograph along with their name, birth month and day to Birthday Feature, *Associated Newspapers*, 35540 Michigan Ave., Wayne, Mich. 48184.

Do not send photographs which are irreplaceable in the event that they are inadvertently lost. However, photographs may be picked up at the Wayne office after the feature is published.

Residents who are observing their birthdays in January also are invited to send their photographs and accompanying information to the same address.

Light festival featured

Gigantic Toy soldiers, rainbows, candy canes and Santa's elves will be featured in the longest drive-through holiday light show in the state, beginning on Nov. 22.

The four-mile-long Festival of Lights runs from 7 to 10 p.m.

from Nov. 22 through Jan. 9, except Christmas Day, on Hines Drive in the Middle Rouge Parkway. Visitors may enter Hines Drive at Merriman, between Warren and Ann Arbor Train in Westland. A donation of \$5 per car is slated to benefit the Wayne County Park System.

Slow Drains?

You'll never have a slow running, or clogged drain again!

The secret? Clean drains don't run slowly. The "slows", or periodic clogs, are signals that a thick layer of "gook" is choking your pipes. Just

like the "ring" that sticks to the side walls of your bathtub, this gook sticks to the inner side walls of your pipes.

Old-fashioned drain openers cannot remove this build up. They run along the bottom of your pipes. Even a small tunnel in the gook lets them flow out to the sewer, leaving the gook behind!

Now you can make your pipes run

like new with **Plumb Clean®**. Not a drain opener, it's an advanced plumbing cleaner. Its revolutionary one-of-a-kind formula attaches and penetrates into the waste. Then, in just one to three weeks, it liquifies years of build up that drain openers can't even reach. Cleans from sink to sewer, not just the trap. **Plumb Clean®** is so effective it is money-back guaranteed!

SAVE MONEY. Because drain openers can't reach the gook on the sides of your pipes you have two choices. Call a plumber and spend \$60-\$120, or save money and use **Plumb Clean®**.

Now don't be fooled by look-alikes. Their label has safety cautions instead of a guarantee. And since they aren't as strong, their directions have you use twice as much. So, if your drains have the "slows", get safe, guaranteed **Plumb Clean®** today!

Each year, hundreds of children and young people are abducted and exploited. Their parents and family wait anxiously day after day for word of their child who was so viciously taken from their home. The National Center for Missing and Exploited Children is in the business of publicizing and ultimately solving these mysterious disappearances. The Center, based in Virginia, is responsible for most of the missing children advertisements which you see on milk cartons, billboards and such. The photographs on this page were taken from the files of the National Center for Missing and Exploited Children. They are all actively being sought by their parents, with very few leads. These children may be living in your neighborhood, attending your church, or even sitting next to your child in school. They are out there somewhere. Anyone with information concerning the whereabouts of any of these children is asked to call the National Center for Missing and Exploited Children at 1-800-843-5678. If your child is missing, call your local police department right away. If your child is at home, hug them and tell them about the danger of the world and teach them to be safe.

Thanks to these local businesses for sponsoring these missing children.

Quote of the Week

"I have no sympathy for Mary Collins. She has to expect it, when you get into politics."

Romulus Mayor Beverly McAnally following the recount of votes in the general election in which Collins' opponent, Michael Prybyla, lost his one vote lead, but then won the council seat by pulling a slip of paper stating he was "elected." Collins pulled a slip that said "not elected."

Of Note

Slayers sought in beating death

Flat Rock Police are continuing their hunt for a man and woman wanted in the beating death of William Mancine of Romulus on Nov. 20.

Mancine and his girlfriend reportedly were attacked in the woman's Flat Rock apartment about 4 a.m. Nov. 20.

Police responded to a 9-1-1 call and Mancine was rushed to Seaway Hospital in Trenton, where he reportedly died a short time later.

Mancine's girlfriend suffered facial injuries and was treated and released at the hospital.

Police are not sure what weapon was used in the attack, but have a pair of warrants out for a man and woman suspected of the attack.

Tree lighting ceremony scheduled

The Annapolis Hospital Tree lighting ceremony has been scheduled for 6:30 p.m. Dec. 8 outside the hospital around the circle drive.

A reception will follow in the hospital lobby of Annapolis, 33155 Annapolis Ave.

The event is being sponsored by the Annapolis Hospital Auxiliary. For more information on how to donate a light call Edith Lobsinger at 728-9677.

Trials set for local residents

An April 11 jury trial has been scheduled for an Ypsilanti man and an Inkster woman on charges of unarmed robbery before Detroit Wayne County Recorder's Court Judge Isidore Torres.

Paul J. White, 35, and Valerie Evette Shelby, 38, allegedly assisted Romulus resident Cherry Deann Taylor, 27, with taking \$20 from a male and female victim at a home in Wayne in September.

Taylor received a two-to-15-year sentence Nov. 11 on charges of unarmed robbery before Detroit Wayne County Recorder's Court Judge Dalton Roberson.

"This occurred on a driveway on the 3500 block of Gloria Street," said Wayne police Lt. Mel Drews. "The male victim picked up someone he knew and took her to his brother's home."

"They were followed to that area by acquaintances of the female victim."

White, Taylor and Shelby allegedly demanded \$20 and some jewelry from the two victims while they were sitting in the vehicle on the driveway, according to Drews.

"The suspects were arrested by officer Terry Webb who was assisted by officer Ben Corney," Drews said.

On Sept. 29 the preliminary exams were waived for all three suspects. A \$50,000 bond was set for Shelby, a \$75,000 bond was set for Taylor and a \$50,000 bond was set for White.

All three suspects received an extensive bond because they all have a criminal history, according to Drews.

Ritual or cruelty Motive for pet mutilation puzzles owner

By TOM MOORADIAN
ANP Staff Writer

A cult ritual or a wanton act of animal cruelty? Inkster police are seeking to find an answer to the question after a dog owner reported that someone had killed her pet, skinned it and severed its head.

Bernadette White, who resides in the 15000 block of Wellsley, told police that she went to the back yard to feed her dog, "Max," and, after calling to him, there was no response.

White said she went to the garage where she houses the dog and discovered that someone had killed her pet, skinned it, then severed its head and took its heart.

"I became sick," she said. "Why would anyone want to do this? Max didn't bother anyone in our neighborhood."

"I became sick. Why would anyone want to do this? Max didn't bother anyone in our neighborhood. It could be some cult or something, but whoever did this is very sick."

White went on to say that she didn't believe the dog was killed for revenge "or anything like that." "It could be some cult or something, but whoever did this is very sick," she added.

White, who is a cashier for a children's clothier, said she had the 1-1/2 year old German Shepherd for two months and kept him in the

garage. She said that during the night she heard noises, such as someone turning over trash cans, and dogs barking, but did not realize that someone had broken into the garage.

"I talked to my neighbors and they, too, said that they heard the noises but didn't see anyone."

White said that she has owned other dogs, "but this is the first time something disgusting like this has happened. I hope they catch the person who did this to 'Max' and punish him for it."

Police said that they are investigating and have no suspects.

"At this point we don't know whether this is connected with some sort of cult or whether we have a nut out there with a mean streak," said Detective Charles Givens, who is in charge of the investigation.

Police urged that anyone with information about the incident to contact them at 563-9856.

Back in time Students enter 1873 classroom

By LAURIE HUMPHREY
ANP Staff Writer

Students from Edison Elementary in Westland learned about life before juke boxes and Twinkies during a field trip to Greenfield Village in Dearborn.

More than 50 fourth-grade students from two classes visited historical Miller and McGuffey schools and replicated the activities indicative of Nov. 18, 1873. "Students had a spelling bee, wrote on slates and read McGuffey's Fifth Reader," said parent chaperone Sue Tamaroglio. "It's supposed to be like a day students

would have had then."

Students prepared for the experience by reading pioneer books written by Laura Ingalls Wilder and taking alternate names. "The children were given a list with the names they could select," explained Tamaroglio. Students choose names like Penelope, Rachel, Samuel, Benjamin and Homer. The teacher and parent chaperones also adopted a name.

Pam Westerhold, the teacher, was addressed Miss Nettie while parent chaperones Karen Kusch and Sue Tamaroglio were called Miss Rebecca and Miss Eliza.

Police probe double stabbing at Westland home

By JENNIFER PLACINTO
ANP Staff Writer

Police are continuing to investigate a double stabbing incident which occurred last week at a Westland woman's Bay Court home, located in the Merriman and Palmer Road area of the Norwayne subdivision in Westland.

Cheryl Kadar, a 48-year-old Westland resident, and Robert Bell, 47, of Detroit were stabbed several times in the chest at approximately 11:15 p.m. by at least two attackers, Westland police Sgt.

Marc Stobbe said.

The victims, who were taken to an undisclosed hospital, were admitted in critical condition, but have now stabilized and are able to talk to police, Stobbe said. Police would not release the name of the hospital in order to protect the victims.

The victims were stabbed approximately four times each in the chest area, Stobbe said.

"They're in stable condition and are doing real well. The wounds they received were life threatening," Stobbe said.

Forced entry was not used and police believe

the couple apparently allowed their attackers to enter the Bay Court court home. However, Stobbe added, he does not believe the victim's are acquainted with their assailants.

Kadar and Bell, who were described by Stobbe as friends, were in the living room and Kadar was talking on the telephone when the stabbings occurred.

The person talking with Kadar called police and the two were rushed to a hospital.

Westland police are working to locate suspects in the stabbing incident, which has taken precedence in the detective bureau.

Police investigate two unrelated vehicle shootings

By TOM MOORADIAN
ANP Staff Writer

Inkster police are investigating two unrelated shootings that sent a Westland man to the hospital for treatment for a bullet wound to the stomach.

The second incident involved a Westland couple who escaped injuries after a gunman opened fire on them.

Terry Wayne Spencer, 31, of Westland told Inkster police that he had stopped on the roadway in the area of Glenwood and Center during the early morning hours Tuesday to assist what appeared

to be a stranded motorist when a man approached him on the passenger side of his 1980 Datsun.

Spencer told police that for some inexplicable reason the man produced a gun and fired three

Sharing the holiday

RESIDENTS CELEBRATE THANKSGIVING WITH FAMILY, FRIENDS, ELVIS

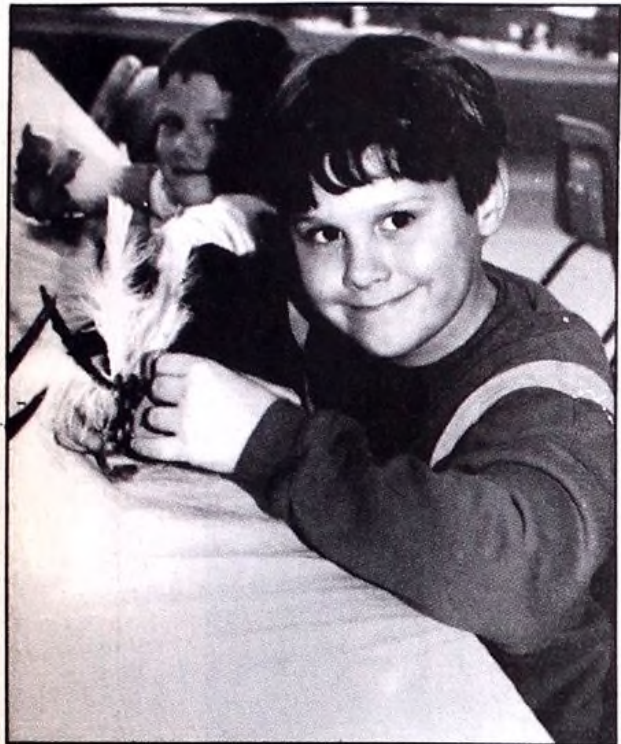

Throughout history, the observance of a day of thanksgiving has been a part of most cultures.

Although it is no longer common for families to drive over the river and through the woods to grandmother's house for the Thanksgiving Day meal, it is still an opportunity for families to gather together to share a traditional meal and to enjoy the fellowship of one another.

In American, the holiday also is known as a time for sharing - beginning with the Native Americans sharing their bounty with the Pilgrims. Many restaurants open their doors to the needy for free dinners, while many children and adults contribute to organizations that feed the hungry.

Thanksgiving in American is not only the time to be thankful for food and shelter, but to remember those who do not have the basic necessities of life.

Many western Wayne County individuals and groups have shared their bounty this holiday in keeping with the true spirit of Thanksgiving, and are preparing to aid those who are less fortunate during the Christmas holidays to come.

"I try to work on family strengths. A lot of them have been in the working class. It's unrealistic for them to become doctors or lawyers. Most of my clients need some sort of training or school, otherwise they wouldn't be eligible for Section 8 housing."

Residents recall holiday tradition

"Native Americans celebrate Thanksgiving every day," said Deacon Edwin Poulin to those who attended a special Thanksgiving mass. "We don't just give thanks one day a year. We are thankful for our Mother Earth and Father Sky each day of the year, but if we must designate one day, so be it."

Amidst the traditional turkey, several local natives incorporated the foods and ceremonies passed down by their ancestors as they gathered for their Nov. 25 feast.

Native Americans are divided into tribes, clans and families said Anne Miller, a Romulus resident who was instrumental in planning the day. "Four women from the native community were responsible for planning the festivities," Miller said. These four women represented Cree, Mohawk and Santa Domingo tribes, each with her tribal affiliation through her mother.

Beginning at sunrise with a church ceremony, Miller said was a 14-hour event. "We performed three ceremonies Nov. 25, beginning at sunrise and ending at sunset." A pipe-carrier, or holy man, was invited to oversee the ceremonies, however he was unable to attend.

Focusing on tradition, the four women planned a formal feast to surround and support the ceremonies. "We ate sweet meat (venison), 'three sisters' (corn, squash and beans) and wild rice," said Miller, "and turkey of course."

Although a number of different tribes attended the event, each needing to honor certain traditions, Miller said the planning was not difficult. "It didn't really slow us down since the biggest differences were in the food. So, everybody brought a dish."

Despite the diversity of the people involved in the celebration, Miller said the event was a success. "We are all striving to return to traditional values and customs. Everyone who attended the traditional feast came together as one loving family, all 47 of us."

Miller said the event incorporated both traditions of the past and traditions that are just beginning. "A lot of our traditions are passed orally through family, so we are honoring what our grandmothers taught us and beginning new traditions with the younger Native Americans."

Elvis visits Westchester Towers

By MARGO DEWEY
Deputy News Editor

Westchester Towers residents in Wayne spent their Thanksgiving dinner with a very special guest-Elvis.

He sang, danced and wooed the women with his popular love songs including *Love Me Tender* as he gave a little background on his claim to fame.

"We just wanted to give our residents something special this year," said Pat Dunn, marketing coordinator for Westchester Towers. "We provided the Thanksgiving dinner from Grandma's Kitchen."

Elvis was actually portrayed by Rick Valentino, a professional singer/look-a-like and entertainer. He provided the residents with an unforgettable performance.

"I was about 7 years old when I started impersonating Elvis," Valentino said. "I've always liked his music and style. I'm not a collector of Elvis paraphernalia, but I enjoy his work."

At the age of 13, Valentino began his professional career impersonating Elvis. He traveled throughout the U.S. including Las Vegas to perform for audiences of all ages.

"I put together my own program," Valentino said. "I really love performing. It keeps me alive. I enjoy meeting people of all different nationalities."

Besides portraying Elvis at various functions, Valentino is an engineer with Value Engineering where he has worked for four years.

"I do design work," Valentino said. "Performing, however, is my favorite thing to do."

Anyone interested in contacting Valentino for future performances can call 574-9212.

First Thanksgiving relived

Sixty-eight Head Start pupils re-lived Thanksgiving from a Native American perspective this week.

"We called it a Native American feast, and the children prepared part of the dinner themselves," said Van Buren Head Start child development specialist Tammy Coker.

Early in the week, the 36 morning pupils and the 32 afternoon pupils at the Quirk School site helped to prepare baby turkeys (cornish hens) for the feast and assisted in making the potatoes, corn bread and other items for the feast.

At 7 a.m. on Wednesday, Coker put the baby turkeys

into the oven and helped the children put the finishing touches on their feast.

The full menu consisted of "turkey," dressing, potatoes, apples, corn, cranberry sauce and corn bread, Coker said.

"The children learned the history of the Native American feast and studied how they shared with the settlers," Coker said. "In addition, they made costumes to wear for the feast in school. The youngsters were very excited about the feast, and especially about the headdresses and jackets that they made."

When all of the preparations were completed, the Head Start pupils sat down in front of their home-made teepees and enjoyed the feast.

Family participants receive dinner

By JENNIFER PLACINTO
ANP Staff Writer

Westland families involved in the Family Self Sufficiency Program were rewarded for their participation Monday afternoon with a free Thanksgiving dinner compliments of the Family Neighborhood Service Program at the Dorsey Center, located at 32715 Dorsey Road in Westland.

Families enjoyed Thanksgiving Dinner and dessert and children participated in games. Huron Vally Girl Scout Cadets of Troop 483 assisted with the dinner and leading the children in games such as ring-around-the-rosey.

Participants in the Self Sufficiency program are those who reside in Section 8 income-based housing, but are working to get education or training for better paying jobs. The program involves some 25 Westland families and provides these residents with easy access to programs to improve their standard of living.

Family Services Coordinator Shawn Pozan aids these families in locating and attaining services offered by the state and federal government and helps in crisis situations.

"I'm the one who coordinates jobs, day care, transportation, etc. I do a lot of advocacy for the clients," Pozan said.

Pozan said there is a total of nine different organizations working together to help these families attain the services they need.

"I try to work on family strengths. A lot of them have been in the working class. It's unrealistic for them to become doctors or lawyers. Most of my clients need some sort of training or school, otherwise they wouldn't be eligible for Section 8 housing," Pozan said.

Brandy McLeod (top right), Jenny Fisher, Carli Mezasko and Kristy Metz from Girl Scout Troop 483 assisted with the Thanksgiving dinner for Westland families involved in the Family Self Sufficiency program.

Residents interested in schooling are encouraged to attend area community colleges and adult education programs.

"Because their incomes are so low, they're eligible for a lot of services, but it's difficult tapping into those services. With nine different agencies involved, we can collaborate those services," Pozan said.

Some of these services include child care, substance abuse agencies, public health, job training, department of social services and preventative services.

The purpose of the five-year Self Sufficiency program is to get families completely off state and federal aid.

"After the program, the family will hopefully have all the necessary skills to go off all government assistance," Pozan said.

Fire officials probe school arson incident

By JENNIFER PLACINTO

Westland fire officials have determined the cause of Nov. 8 school roof fire to be caused by dried leaves set ablaze on top of a 4-by-4 section of Adams Junior High School, located at 33475 Palmer Road, Westland. Fire Marshall Patrick Harder said.

Harder said arson is the cause of the blaze, but there are no suspects and the fire caused some \$300 in damage to the building.

Westland firefighters evacuated some 40 people at 6:30

“Someone set it on fire. We don't know why.”

Fire Marshall Patrick Harder

p.m., who were attending a night activity at the school, Westland Fire Chief Mike Reddy said.

No one was injured in the blaze and the fire was extinguished quickly, Reddy added.

In an unrelated incident Tuesday morning, Harder said a fire started on playground equipment at Patchin Elemen-

tary School, located at 6420 Newburgh Road in Westland is under investigation.

Firefighters responded at 4 a.m. and extinguished the blaze covering a 4-by-4 wood jungle gym with rubber tires attached, Harder said.

“Someone set it on fire. We don't know why,” Harder said.

According to police reports, a man entering a nearby store parking lot saw the blaze and notified police. There are no suspects and the case is under investigation.

CITY OF WAYNE NOTICE OF PUBLIC HEARING

The City of Wayne Planning Commission will hold a public hearing on Tuesday, December 14, 1993 at 8:00 p.m. in the City Council Chambers at City Hall, 3355 South Wayne Road, to consider a request to rezone 4058 Elizabeth Street from Light Industry (IND-1) to Heavy Industry (IND-2) in order to operate a refuse transfer station.

Following the public hearing a recommendation will be made to the City Council for their consideration. You are invited to attend and participate. If you have any questions about this rezoning request, please contact the Community Development Department at 722-2002.

Trials scheduled for residents

An April 18 jury trial has been for a Wayne man and woman charged with intent to rob while armed before Detroit Wayne County Recorder's Court Judge Isidore Torres.

Rickey Peters, 38, and Michelle Lorence, 31, were bound to Recorder's Court during a Sept. 29 examination at the 29th District Court.

Peters posted 10 percent of his \$5,000 bond.

The two defendants al-

legedly demanded money from Canton Township resident Christopher Anthony Straughter at 3:50 a.m. Sept. 19 while pointing a knife at him at the Parklane Motel on Michigan Avenue.

“The victim was slashed with the knife in his left hand and calf,” Wayne police Lt. Mel Drews said.

Straughter was taken to Annapolis Hospital where he was treated and released.

CDs for people who aren't afraid of heights.

6.58% is the Annual Percentage Yield (APY) you would have earned on a two-year deposit maturing on October 23, 1993. APY is based on historic results and is not intended to indicate future yields or results.

Introducing The Market Rate CD.
Wall Street Thrills Without Wall Street Chills.

This year we're offering you a blue chip opportunity to invest in a new kind of two-year CD. One that allows you to go after Wall Street's potentially higher rates *without* risking your principal. Your Market Rate CD can be opened with a low \$2,000 minimum deposit. At the end of each 52-week period, your interest is calculated based on the average change in the S & P 500® Index** as reported in *The Wall Street Journal*. And at maturity, you're guaranteed a 100% return of your FDIC-insured initial deposit. The new Market Rate CD. Now the best way to lock in the market's high earnings potential is with a CD that has no risk to principal.

Lock Up A Rising Rate With A CD That
Won't Lock You In.

Every six months of its initial two-year term, our Rising Rate CD gives you a guaranteed increase in your interest rate without locking you in. The rate earned for each six-month period rises as the chart above indicates, giving you 4.75% APY during the final six-month period.* You can withdraw all of your investment within the first 10 days of any six-month interval during the initial two-year term without penalty. Or you can make a partial withdrawal without penalty as long as you maintain a \$1,000 balance. And the minimum deposit amount is only \$1,000. The Rising Rate CD. The liquidity you want, with the guaranteed interest growth you need.

A tie Romulus council election recount concludes in a draw

By AL POST
ANP Staff Writer

Newly elected Romulus Councilman Michael Prybyla had Thanksgiving come two days early last week, but not before he was placed on the political roller coaster of his life.

Prybyla on Nov. 2 was told he apparently won a seat on the seven member Romulus Council by one vote.

But one of his two losing opponents, Mary Collins, who lost by that one vote, challenged the outcome and paid \$180 to have it recounted.

Last Tuesday Wayne County

Clerk Ed Carrie and a team from the County Board of Canvassers visited Romulus City Hall to make a final check.

By 2 p.m. it was revealed that all the votes on the precinct voting machines had been checked and there was no change.

"All they have to do now is check the absentee ballots," a city official said.

There the emotions thickened, as it was discovered that one absentee voter had cast eight votes instead of seven and that ballot was declared invalid. On that ballot was a vote for Prybyla, which was subtracted from his total of

1,299.

That set up the totally unlikely scenario that Prybyla and Collins finished in a tie and, according to Wayne County election laws, it would be settled with a draw.

Observers at the scene said Prybyla's face and neck turned red and Collins flashed white from the sudden realization that the early election stance could be overturned.

Prybyla said, "I suddenly thought I lost it all and my emotions went on a roller coaster ride."

Since I needed a break from the stressful proceedings of the day, he said, I decided to

take a ride alone in my car.

"I then called my wife, Midge, who gave me a pep talk," Prybyla said.

Collins in the meantime said she was "shaky throughout the whole day's process" and smiled hours later when she was told she had turned white midway through the proceedings.

Shortly after 4 p.m. both candidates returned for the official "drawing" to determine the winner. Slips of paper with the words "elected" and "not elected" were prepared. After a number of deep breaths both candidates picked one of the slips and Prybyla was de-

clared the winner.

He was immediately sworn into office by Romulus City Clerk Linda Choate, but admitted that his throat had tightened so much that some of the words were hard to say.

Collins said both she and Prybyla shook hands before the day's recounting began and after the emotional climax.

Collins said she offers her "best to Prybyla," who "has his work cut out for him."

Prybyla accepted Collins congratulations, as well as that of his key backer, Mayor Beverly McAnally.

Prybyla said he is "looking forward to serving the city as councilman." But the whole event has humbled him, since he "never experienced anything like this in his life."

McAnally said she felt bad that Prybyla was not sworn in with the remainder of the council on Nov. 8. But is extremely pleased to have him now an official member of her team.

Prybyla, 51, who works as a departmental manager in the Wayne County Health Department, will join the council at his first meeting on Dec. 6.

SCHOOL

(continued from A-1)

"All the women had to be addressed as miss, because once a woman married, she was no longer allowed to teach," said Tamaroglio.

Prior to their trip, students also practiced a memory gem about ignorance. "It's like a proverb," explained Tamaroglio. "The students memorized it so that they could recite it when the teacher asked."

Students and adults dressed the part of 1873 with bonnets and simple country frocks for women and suspenders and knickers for men.

"Some of the girls had their moms sew the clothes," Kusch said, "and the boys just rolled up their socks, borrowed suspenders, and wore dark

clothing."

To add to the aura of time travel, the group brought their lunches in baskets, pails or handkerchiefs.

Nobody could bring a lunchbox or paper bag," Tamaroglio said, "and each student had to bring food that was applicable then like a hard boiled egg, fruit or beef jerky. There were no juice boxes or Twinkies allowed."

Students exited the schoolhouse for recess and began a game of "drop the handkerchief" an hour into their day. Similar to duck-duck-goose, a person walked around the circle, dropping a handkerchief behind another person. Once the handkerchief has landed, the person in front of it needs to pick it up and chase the person who dropped it. The object of the game is to tag the person who dropped the handkerchief

before they resume their place in the circle.

After a 15-minute recess, the teacher rang a bell and instructed students to line up at the base of the schoolhouse stairs. Students filed into the one-room schoolhouse, removed their coats and bonnets and silently walked to their seats.

Inside the schoolhouse, students studied the old-fashioned desks, wood-burning stove, kerosene lanterns and quill pen on the teacher's desk. The most memorable feature for the students, however, was the dunce hat resting on the stool in the corner. "All the kids wanted to wear the dunce hat," admitted Kusch amusingly, "it was like an honor to them."

Each student paid \$6.50 for the three-hour experience while the parent-teacher orga-

nization paid for the transportation. Before students left the village, they were escorted through select historical buildings.

According to Tamaroglio, kids were excited about the trip and pretending they were students of the time. "For the past week, the kids were talking back and forth about what they were going to wear."

The Greenfield Village trip has been part of the curriculum of every fourth grade student in the Wayne-Westland school district for years. While the focus of the trip is history, students also have an English, math and eloquence lesson. "This is not a day where students get out of the classroom and ignore the learning process," Tamaroglio said, "in addition to their regular lessons, they are also experiencing the life of a student in 1873."

SHOOT

(continued from A-1)

shots at him. He said that he quickly drove away from the scene but not before one of the bullets struck him in the lower side of the stomach.

The victim told police that

he drove himself to the hospital.

Police are investigating. They said they have no motive for the shooting at this time.

In an unrelated incident, Joseph Justin and his wife, Doreen, of Westland told Inkster police that a car occupied by three black males pulled up to their GMC truck near Colo-

nial Park, and one of the occupants in the vehicle asked Justin if he wanted to purchase some drugs.

Justin looked at the man and replied, "No."

One of the occupants then reached down and picked up a shotgun and pointed it at him, Justin told police.

Justin said that as soon as

he saw the weapon, he "ducked and floored the vehicle."

According to the police report, the culprit got off one shot that struck the driver-side window. The bullet pierced the dash board, missing the occupants.

Police said that they have not suspects.

Downtown Hudson's opens again

By MARGO DEWEY
Deputy News Editor

A very special shopping extravaganza is going to take place at the old Hudson's building in Detroit for the holiday season.

For the first time ever since the store has been closed more than 10 years, Hudson's will be having a grand opening on Thanksgiving Day, according to Gaylord Jones, owner of En'tre pot Trade Center in Dearborn Heights and representative of City Center Promotions.

"We are inviting retailers, wholesalers, close-out merchants,

venders, arts and crafts dealers, community groups and entrepreneurs to take advantage of the estimated one million visitors to the Thanksgiving Day parade to kick off the holiday selling season," said Jones. "After the grand opening, we will proceed to operate three weekends in a row until Dec. 17 at which point we will be open eight continuous days through Christmas Eve."

The various vendors will set up their business on the first floor of Hudson's, 1247 Farmer Road at east Grand River.

"There will be furniture, camp-

ing equipment, clothes, jewelry, all kinds of merchandise for every buyer at discount prices," Jones said.

Jones said this shopping spree event not only provides an avenue for customers to purchase quality merchandise at an affordable cost, but it also allows individuals to start their own business.

"With the economy the way it is, more people are deciding to start their own business," Jones said. "This provides them with an inexpensive way to have a business

without the high cost."

If the Hudson's event is successful, which Jones believes it will be, the shopping spree may become a permanent business in Detroit.

"We will have at least 300 vendors there," Jones said. "There will be something for everyone."

The Hudson's building will be open 9 a.m. to 5 p.m. Nov. 25, noon to 6 p.m. Fridays and Saturdays, noon to 6 p.m. Sundays and noon to 8 p.m. weekdays.

SHOPPING IS BACK IN DOWNTOWN DETROIT AT THE OLD J. L. HUDSON'S BUILDING

This will be the first time the building is open, since the Hudson's store was closed over 10 years ago.

Thousands will tour our show area just to see the re-opening of this landmark store.

The HOLIDAY SHOPPING AND GIFT MART will be 18 days of shopping beginning with a Grand Grand Opening on Thanksgiving Day.

From there we will proceed to operate three weekends in a row until December 17, from which point we will be open 8 continuous days through Christmas Eve.

Holiday travel packages offered

By LAURIE HUMPHREY
ANP Staff Writer

As Santa Claus plans his arrival from the North Pole, season travelers flock to travel agencies in search of warm, expensive and bigger vacations than in years past.

"Holiday travel is not just for two anymore," emphasized Gladys Lock, manager of Carlson Travel Network-Sun Coast, "more and more families are traveling together these days an visiting more expensive sites."

While Florida is the destination most in demand due to family visits, many travelers are taking advantage of the deals to Acapulco, Mexico. For \$629 per-person (based on a two-person minimum), travelers can bask in the Mexican sun for one week. The price includes round-trip airfare, transfer and budget property accommodations.

For an additional \$140 per-person, holiday goers can reside in the Continental Plaza, a first class hotel.

The difference between budget property accommodations and a first class hotel can be found in the amenities each offers their clients.

Both of the listed hotels offer ocean-view rooms, air conditioning, television, bars and entertainment. The first class hotel, however, offers more restaurants and pools than the budget property rental. The Continental Plaza also offers sailing, scuba diving, para-sailing and snorkeling to their guests.

Cruises are also a popular getaway idea for holiday travelers indicated Lock. "We offer trips to the Mexican Riviera, Caribbean, Key West and Bahamas at this time of the year," she commented. "And more and more cruise lines offer complete children's programs to accommodate family trips."

Surprised that these specials are still available during the holiday season, Lock admitted people thinking of vacationing should visit a travel office as soon as possible. "The longer people wait, the less choices they have and the more expensive it becomes."

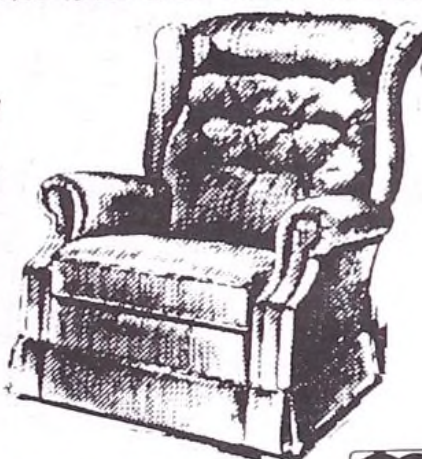

As final travel reminders, Lock says people should arrive at the airports early and call to confirm departure times.

Senior travelers and large groups should also check for special discounts indicated the travel agent.

Festive events are scheduled

Family holiday entertainment for young and old is featured around the area during the holiday season.

Among the special holiday events:

- Meadow Brook Hall will celebrate the holiday season from Dec. 29 to Dec. 12 (Monday through Wednesday from 10 a.m. to 9 p.m., and 10 a.m. to 5 p.m. Thursday through Sunday) with *Holiday Traditions at Meadow Brook Hall*, at Oakland University in Rochester. Santa Claus will make his home in Knole Cottage. Information is available by calling 313-370-3140.

- Wayne County Parks present A *Festival of Lights* along Hines Drive in the Middle Rouge Parkway, beginning Nov. 22 and continuing until Jan. 9, 1994. Hours are 7 to 10 p.m. nightly and the drive is closed on Christmas Day. Information is available at 261-1990. A donation of \$5 per car is requested.

- Henry Ford Museum and Greenfield Village celebrate the 90th anniversary of the Wright brothers flight with a special holiday program from Nov. 26 through Jan. 2, 1994. Inside the museum, a gigantic holiday tree is decorated with ornaments of flight from angels to zeppelins. Santa, serving as pilot of *Rudolph, the Red-Nosed Airplane*,

will be on hand, and historic homes and buildings will be decorated for the season.

- *Aladdin and His Wonderful Lamp* takes the stage at Henry Ford Museum Theatre Dec. 4 through 30. Tickets are \$5.75 each, and may be reserved by calling 271-1620.

- The Longway Planetarium in Flint presents *The Alien Who Stole Christmas* on Saturdays at 11 a.m. and 2 p.m. and Sundays at 2 p.m. The planetarium also will present a new laser light show, which is a multi-cultural celebration of the holiday season, *'Tis the Season*, which can be seen Saturday and Sunday afternoons at 3:15 p.m. and daily evening shows at 7:30 p.m. Also featured at the planetarium are laser light shows featuring music by AC/DC and Pink Floyd on Fridays and Saturdays through Dec. 18. The planetarium is closed Dec. 24, 25 and 31. Call 313-760-1181 for times and future information.

- Henry Ford Community College will feature the Sixth Annual Children's Christmas Dance Concert at Dec. 3 and 4 in the Adray Auditorium. Admission is \$2, and information is available at 845-6314. The college also will present *The Sounds of Christmas* at 3 p.m. Dec. 5 at no cost.

Jolly Christmas

Disney invites families to celebrate the holidays

The Thanksgiving dinner leftovers are not even cold before the magical spirit of the 1993 holiday season comes alive throughout the Walt Disney World Resort.

That seasonal sparkle shines throughout the Vacation Kingdom as guests experience an enchanting transformation of the Magic Kingdom, Epcot Center, and the Disney-MGM Studios Theme Park into holiday wonderlands complete with towering fir trees studded with lights and ornaments, animated shop windows and all the trimmings of the joyous season.

The Thanksgiving weekend sparks the beginning of the warm Yuletide tradition of Jolly Holidays Christmas spectacular and resort package. Jolly Holidays is an enchanting family extravaganza featuring a musical cast of more than 100 performers, including famous Disney characters.

Other holiday festivities include special shows, tree-lighting ceremonies and parades.

Magic Kingdom

• Mickey Mouse himself shares his festive holiday spirit with all his friends during a Christmas cavalcade down Main Street U.S.A. 3 p.m.

Santa Goofy and the entire Disney gang march merrily down Main Street U.S.A. as hosts of Mickey's Very Merry Christmas Parade in the Magic Kingdom at the Walt Disney World Resort. ANP Special Photo

Nov. 26-Dec. 17. The merry procession grows into "Mickey's Very Merry Christmas Parade" at 2 p.m. Dec. 18-31.

• On Christmas day, the Emmy-Award-winning "Walt Disney World Very Merry Christmas Parade" becomes the centerpiece of a two-hour live television broadcast on ABC-TV. This year, as she has done since 1983, Joan Lunden from *Good Morning America* will host the parade and will be joined by Regis Philbin from *Live With Regis and Kathie Lee*.

• Mickey's Very Merry Christmas Party is a special family celebration of holiday food and fun. On Dec. 3, 4, 10 and 11, party guests join Mickey and Minnie Mouse and the entire Disney gang who host a heartwarming holiday celebration after regular park operating hours 8 p.m. to 1 a.m.

Party-goers will receive holiday treats that include: a 1993 souvenir button, a souvenir family photograph, complimentary hot chocolate and sweet treats.

Advance tickets are \$22.95 plus tax for guests 10 years old or older and \$14.50 for those 3 to 9 years old. Tickets at the gate are \$25.95 plus tax for adults and \$16.95 for chil-

dren 3 to 9 years old.

• A tree-lighting ceremony sparks to life a stunning fir tree adorned with hundreds of ornaments and thousands of lights five nights a week beginning Dec. 1.

• Stirring beauty and serenity are hallmarks of the Candlelight Processional in the Magic Kingdom 7 p.m. Dec. 19 and 20. Noted actor and author James Earl Jones will lend his unique vocal abilities to the role of guest narrator for the moving 1,000 voice massed choir program.

• Fantasy in the Sky fireworks top off the evening festivities on select nights with a brilliant display of scintillating seasonal color bursts.

Epcot Center

• From All Of Us To All Of You is a holiday treat for the whole family as guests can join all of the lovable Disney gang in a joyful song-and-dance celebration at Showcase Plaza daily Dec. 1-28.

Disney-MGM Studios

• Tim Burton's *Nightmare Before Christmas* takes a slightly different view of the holidays, and guests can take a walk on the weird side through props and displays from the brand new movie located in Studio Showcase.
